

# 2017 Cornell Survey of Sexual Assault and Related Misconduct: Tables of Survey Results

In spring 2017, Cornell conducted the Survey of Sexual Assault and Related Misconduct. This survey asked about students' experiences with inappropriate sexual behavior while attending Cornell, including: nonconsensual sexual contact, sexual and gender-based harassment, stalking, and domestic and dating violence. The survey also asked about students' knowledge of Cornell resources and policies concerning sexual assault and related misconduct, and their experiences as bystanders to scenarios of sexual assault or misconduct.

A stratified, random sample of 6,000 students enrolled at our Ithaca, Weill Cornell, and Cornell Tech campuses was invited to participate in this web-based survey. A total of 2,238 students completed the survey, yielding a 37% response rate.

The results of the 2017 Survey of Sexual Assault and Related Misconduct are displayed in the tables that follow. The percentages shown in the tables are weighted estimates of the Cornell student population.

Survey responses are broken out for all students; for women and men, by enrollment status (undergraduate or graduate/professional); and for students who reported a non-binary gender identity [identified in the tables as TGQN]. The letter "*s*" indicates a result has been suppressed due to an unweighted cell count of less than 5.

Table A1. Demographic profile of survey population and survey respondents

<sup>a</sup>The survey population included all students who were enrolled in both the Fall 2016 and Spring 2017 semesters and were 18 years of age or older when the survey launched. Non-degree seeking and Employee Degree students were excluded, as were students who were in absentia, or studying off-campus beyond New York City. From this population, a random sample of 6,000 Cornell students was invited to participate in the survey.

<sup>b</sup>To be counted as having completed the survey, a respondent must have answered at least one question in each of the sections concerning experiences with sexual harassment, stalking, and nonconsensual sexual contact.

<sup>c</sup>TGQN includes the following gender identities: agender, androgyne, demigender, genderqueer or gender fluid, questioning or unsure, transgender man, transgender woman, and other gender identity.

Table A2. Characteristics of students who completed<sup>a</sup> the survey

<sup>a</sup>A survey was counted as "completed" if a respondent answered at least one question in each of the sections concerning sexual harassment, stalking, and nonconsensual sexual contact.

<sup>b</sup>The survey data file was weighted to adjust for survey non-response patterns and more accurately reflect the characteristics of the student population of Cornell.

<sup>c</sup>TGQN includes the following gender identities: agender, androgyne, demigender, genderqueer or gender fluid, questioning or unsure, transgender man, transgender woman, and other gender identity. <sup>d</sup>LGBAQN includes the following sexual orientations: asexual, bisexual, gay, lesbian, pansexual, queer, questioning or unsure, and other sexual orientation.

Table C2. Percent of students experiencing sexual or gender-based harassment since entering Cornell by victim characteristics

Note: Percentages are not to be summed in columns. Each percentage represents the proportion of students within a particular enrollment type, gender and sociodemographic identity. For example, 70% of undergraduate women who identify as heterosexual reported experiencing sexual or gender-based harassment since entering Cornell; this compares to 73% of undergraduate women who identify as LGBAQN.

Note: Percentages are not to be summed in columns. Each percentage represents the proportion of students within a particular enrollment type, gender and sociodemographic identity. For example, 6% of undergraduate women who identify as heterosexual reported experiencing stalking since entering Cornell; this compares to 8% of undergraduate women who identify as LGBAQN.

### Table G5. Impacts experienced by victims as a result of the most serious incident of nonconsensual sexual contact

		Women, by En	rollment Type	Men, by Enro	ollment Type
_	Total	Undergraduate	Graduate or professional	Undergraduate	Graduate or professional
Percent of victims who:	%	%	%	%	%
Contacted at least one program	18.8	19.4	23.7	20.0	0.0
Did not contact a program or resource to talk about th	e experience: R	easons			
Did not know where to go or who to tell	7.2	6.9	S	S	0.0
Did not think talking about it would make me feel better	32.1	32.9	37.8	20.0	36.4
Did not think anything would be done	14.4	16.3	13.4	S	S
Nanted to forget it happened	26.1	30.8	24.2	S	S
Had other things I needed to focus on	29.6	31.6	36.9	19.8	S
Did not have proof that behavior happened	13.3	13.3	17.5	S	S
Did not think anyone would believe me	4.4	4.2	S	S	S
Did not think it was serious enough	56.7	56.5	48.6	65.8	68.5
hought I would be blamed for what happened	6.1	4.9	S	S	S
elt I was partly responsible for what happened	18.8	22	20.9	S	S
elt embarrassed or ashamed	13.7	14.8	S	S	31.5
eared that I or another would be punished for nfractions or violations	3.7	5.8	0.0	0.0	0.0
eared retaliation from offender or others	7.2	8.3	0.0	S	S
eared academic or professional consequences	S	S	S	0.0	0.0
eared negative social consequences	5.1	5.9	S	S	S
eared that program would not keep this confidential	5.2	6.3	S	S	0.0
eared I wouldn't be able to control what steps vould be taken	5.0	5.2	S	S	S
Did not want offender to get into trouble	15.2	15.7	13.9	S	28.0
Was worried university would take action against offender's entire group or organization	3.1	4.4	0.0	0.0	S
Other reason	12.9	15.1	13.7	S	0.0

#### Table G6. Percent of victims who contacted a program or resource about most serious incident, and reasons for not doing so

		Women, by En	rollment Type	Men, by Enro	Ilment Type	
	Total	Undergraduate	Graduate or professional	Undergraduate	Graduate or professional	
Percent of victims who talked to:	%	%	%	%	%	
Friend	70.6	74.0	71.5	58.5	61.7	
Spouse or romantic partner	18.6	16.7	33.9	19.5	S	
Family member	9.8	11.2	13.4	S	0.0	
Faculty or instructor	2.6	S	S	S	0.0	
Cornell staff member	S	1.9	0.0	0.0	0.0	
Health professional	8.1	8.8	12.2	S	0.0	
Spiritual or religious advisor, leader or clergy	S	S	S	0.0	0.0	
Someone else	2.2	2.7	0.0	2.7	0.0	
Didn't tell anyone	24.2	22.3	17.8	32.8	38.3	

Table G7. Percent of victims who talked about most serious incident of nonconsensual sexual contact to others

	Total	Women, by En	rollment Type	Men, by Enro	ollment Type	
		Undergraduate	Graduate or professional	Undergraduate	Graduate or professional	TGQN
Percent of students reporting:	%	%	%	%	%	%
Have seen a student being sexually harassed	12.0	16.8	6.0	14.0	5.8	15.8
Among those who have witnessed this:						
Intervened in the situation: Actions taken	66.7	69.2	60.9	75.1	32.5	S
Directly addressed the situation	46.2	31.0	50.5	60.4	70.9	S
Disrupted the situation	62.3	70.1	30.8	59.0	S	S
Got assistance from someone else	21.9	22.2	S	25.0	0.0	0.0
Took some other action	4.3	6.4	S	S	0.0	0.0
Did not intervene in the situation: Reasons	33.3	30.8	39.1	24.9	67.5	S
Wasn't any of my business	32.2	27.7	0.0	44.4	40.7	S
Wasn't sure what to do	59.9	60.7	82.4	46.9	59.7	S
It did not seem serious	46.8	37.4	S	57.2	56.9	S
Was concerned about social consequences	17.1	11.7	S	S	S	S
Did something else after the fact	14.5	17.8	S	S	S	0.0

Table H1. Percent of students who have witnessed a student being sexually harassed, actions taken, and reasons for not intervening

		Women, by En	rollment Type	Men, by Enrollment Type		
	Total	Undergraduate	Graduate or professional	Undergraduate	Graduate or professional	TGQN
Percent of students reporting:	%	%	%	%	%	%
Have heard someone say they planned to get someone drunk to have sex with them later	7.5	10.9	2.5	10.2	2.0	S
Among those who have heard this:						
Intervened in the situation: Actions taken	43.6	34.1	S	56.2	S	S
Directly addressed the situation	69.5	56.4	S	82.3	S	S
Disrupted the situation	33.5	39.7	0.0	26.1	S	S
Got assistance from someone else	14.5	20.5	0.0	S	0.0	S
Took some other action	S	S	S	S	S	0.0
Did not intevene in the situation: Reasons	56.4	65.9	83.1	43.8	S	S
Wasn't any of my business	34.4	30.9	54.0	34.6	S	0.0
Wasn't sure what to do	39.7	39.1	S	45.5	S	S
It did not seem serious	47.2	41.0	S	52.7	S	0.0
Was concerned about social consequences	12.8	10.4	S	17.0	0.0	S
Did something else after the fact	9.6	9.8	0.0	13.6	0.0	0.0

### Table H2. Percent of students hearing someone say they planned to get someone drunk for sex, actions taken, and reasons for not intervening

Table H3. Percent of students who have seen someone trying to take sexual advantage of an intoxicated person, actions taken, and reasons for not intervening

	Total	Women, by En	rollment Type	Men, by Enro	llment Type	
		Undergraduate	Graduate or professional	Undergraduate	Graduate or professional	TGQN
	%	%	%	%	%	%
Have seen someone trying to take a clearly intoxicated person somewhere to take advantage of them sexually	12.6	20.5	4.0	14.4	2.9	25.9
Among those who have seen this:						
Intervened in some way: Actions taken	63.5	63.7	55.1	68.3	44.0	S
Directly addressed the situation	38.5	35.2	88.3	42.4	S	0.0
Disrupted the situation	56.7	63.7	S	51.2	S	S
Got assistance from someone else	31.0	29.5	S	36.8	S	S
Took some other action	5.8	S	S	S	S	S
Did not intervene in the situation: Reasons	36.5	36.3	44.9	31.7	56.0	S
Wasn't any of my business	37.0	32.9	61.0	43.3	S	0.0
Wasn't sure what to do	54.3	61.6	S	53.2	S	S
It did not seem serious	35.0	25.4	S	49.2	S	S
Was concerned about social consequences	19.1	20.3	S	24.5	0.0	0.0
Did something else after the fact	5.9	9.1	0.0	S	0.0	0.0

### Table H4. Respect for sexual assault prevention

		Women, by En	rollment Type	Men, by Enro	ollment Type	
Percent of students who agreed or disagreed with	Total	Undergraduate	Graduate or professional	Undergraduate	Graduate or professional	TGQN
statement:	%	%	%	%	%	%
I would respect someone who did something to prevent a sexual assault.						
Strongly disagree	1.1	.8	S	1.1	S	S
Disagree	.6	S	0.0	1.3	S	S
Agree	11.2	8.5	7.3	14.2	13.6	20.0
Strongly agree	87.1	90.2	91.6	83.4	85.1	69.0

Table H5. Percent of students who have made someone have nonconsensual sexual contact with them

		Women, by En	rollment Type	Men, by Enro	Ilment Type	
	Total	Undergraduate	Graduate or professional	Undergraduate	Graduate or professional	
Percent of students who reported:	%	%	%	%	%	%
Have verbally pressured someone into having sexual contact when knew they did not want to	1.1	1.5	S	1.4	0.0	S
Have gotten someone clearly intoxicated with goal of having sexual contact regardless of their inability to consent	.3	S	0.0	S	0.0	0.0
Have physically forced someone into having sexual contact when knew they did not want to	.0	0.0	S	0.0	0.0	0.0
