Raid, R. N. 2011. Evaluation of Regalia, alone and in tank-mixture, for control of basil downy mildew, Fall 2010. PDMR 5:V155

Dry Bean

Snap Bean

Ocamb, C. M. 2014. Evaluation of materials for control of white and gray mold in snap beans, 2013. PDMR 8:V178

Beet

Brassica Crops

Brassicas-miscellaneous

Broccoli

Cabbage

Carrot

Cauliflower

Corn, Sweet

Cucurbit Crops
Cantaloupe

Muskmelon
McGrath, M. T., and Fox, G. M. 2010. Integrated programs with biopesticides and a resistant cultivar evaluated for powdery mildew in muskmelon, 2009. PDMR 4:V025

Cucumber

Mersha, Z. 2018. Efficacy of a conventional fungicide and three biofungicides for control of cucumber powdery mildew in Missouri, 2016. PDMR 12:V085

Pumpkin

Sulley, S., and Babadoost, M. 2021. Effectiveness of selected chemical compounds for control of bacterial spot of pumpkin, 2020. PDMR 15:V084

Tharpa, S., and Babadoost, M. Evaluating efficacy of selected biocontrol agents for control of bacterial spot of pumpkin, 2012

Tharpa, S., and Babadoost, M. Evaluating efficacy of selected chemicals and biocontrol agents for control of bacterial spot of pumpkin, 2013.

Squash, Acorn

Squash, Butternut

McGrath, M. T., and Fox, G. M. 2010. Integrated programs with biopesticides and a resistant cultivar evaluated for powdery mildew in butternut squash, 2009. PDMR 4:V024

Vallad, G. E. 2010. The integrated use of biopesticides with conventional fungicides for downy mildew control on squash, spring 2009. PDMR 4:V105

Squash, Summer

Squash, Winter

Squash, Zucchini

Watermelon
Keinath, A. P., and DuBose, V. B. 2013. Evaluation of Regalia and tebuconazole programs to control gummy stem blight on watermelon, 2012. PDMR 7:V034
Keinath, A. P., and DuBose, V. B. 2014. Evaluation of biological and conventional fungicides to control anthracnose on watermelon, 2013. PDMR 8:V218

Lettuce

Mustard

Mustard Greens

**Onion**

**Pepper**

McGrath, M. T., and LaMarsh, K. A. 2013. Evaluation of biopesticides for managing Phytophthora blight in pepper, 2012. PDMR 7:V017
Ritchie, D. F. 2012. Actigard 50WG drip and foliar sprays and other selected compounds for bacterial spot control on pepper, 2011. PDMR 6:V091

Potato

**Spinach**

Tomato

Gugino, B. K., and Grove, T. L. 2014. Evaluation of select fungicides and fungicide programs for the management of late blight on tomato, 2013. PDMR 8:V205

Reid, J., Buck, E., and Hoover, N. 2014. Tolerance of select high tunnel determinate tomato varieties to leaf mold, 2013. PDMR 8:V247
Trueman, C. L. 2014. Fungicides for management of early blight and anthracnose in processing tomatoes, 2013. PDMR 8:V182

Turnip
