

CNY Beef Producers 2017 Fall video edits!

No audio for Bartons and VanDerwerkens- “they speak for themselves!”

However...

Bartons have 10 calves very uniform. Video shows steers & heifers together. All 6 steers will be in Lot 5 with 3 Maidens calves and should average over 500 lbs.

All 4 of Barton heifers will be in lot #16 with 5 others and should also weigh over 500 lbs.

VanDerwerkens are offering 5 steers to go in lot 7 with 4 others. They should average around 545 lbs.

Lastly, the first calves on video (Maidens' heifers) are referred to as “steers”... they're nice heifers!
