

## Central New York Beef Producers Feeder Calf Pool

Below you will see the lots and descriptions of feeder calves that will be auctioned next Friday April 13. There are 8 lots, 14 steers and 18 heifers, 32 in total. They were graded using USDA Feeder Calf Standards and sorted into similar weight groups. The spread is around 50lb. in each lot.

These producers are committed to providing calves that are either double vaccinated or have used modified live vaccinations for IBR, BRSV, PI3, BVD, weaned, on feed and clostridia, M. haemolytica, wormed and treated for external parasites. These calves have never received growth promoting hormones and never fed antibiotics, qualifying them for some natural programs.

They will be sold by auction on April 13, 2:00 pm. You can bid in person at the Schoharie Otsego Cooperative Extension Cooperstown Office, 123 Lake Street, Cooperstown, NY 13326, or on the phone, by calling: 1-888-394-8197, Pass code: 441517. To bid by phone, buyers must call CCE - Cooperstown Office 607-547-2536, ext. 231 the week of the sale (April 9-13) to register for the sale. The successful bidder will pick up the cattle on April 28 at 459 County Highway 11, Oneonta, NY. More details are available at <http://beefcattle.ansci.cornell.edu/>, under "Events & Programs".

---Bill Gibson, for the Central New York Beef Producers.

Lot 1	3 Steers	Ross/Nelson
