

## 4.2 UNIVERSITY POLICIES FOR *EMERITUS* FACULTY

Cornell University provides many benefits to its retirees. Most of these benefits are described in separate booklets for the university's endowed and contract colleges. The booklets are published by the Benefit Services division of the Office of Human Resources and cover such topics as health insurance, Cornell Children's Tuition Scholarships, and tax-deferred annuities. Faculty who have retired or are considering retirement are urged to consult University Benefit Services for further information.
