

Governance
Provost's Curriculum Oversight Committee

Charge:

The Provost's Curriculum Oversight Committee (PCOC) will provide a university-wide perspective on Cornell's academic programs through analysis and oversight of curricular offerings. The committee will evaluate and report to the provost and Faculty Senate on components of the curriculum that appear to be duplicative and/or have a substantial impact on other colleges. The PCOC will also explore and, if appropriate, make recommendations about elements of a common undergraduate academic experience and/or shared educational requirements across Cornell's undergraduate colleges.

Active governance is particularly important when there is a potential for duplicative and overlapping curricular offerings, which may compete for a fixed pool of students and tuition revenue. Faculty engagement in the oversight role of the PCOC, as well as the active participation of university administrators, is essential in establishing and achieving our educational goals. Therefore, the Provost's Curriculum Oversight Committee will include at least 3 members of the Educational Policy Committee (EPC) of the Faculty Senate, and will work closely with that body [as well as Educational Policy committees in each of the colleges].
