

# Faculty Senate New Budget Model

October 8, 2014

## *What was the old model?*

- Three different budget models for colleges:
  - General Purpose (GP) – AAP, A&S, ENG – an allocation based model
  - Contract College – CALS, CHE, ILR, CVM – a combination of allocation based and responsibility center model
  - Tubs – Hotel, Johnson, Law – a responsibility center model

## *What are the most significant changes?*

- Established a common budget model
- Undergraduate Tuition Pool
- University support costs and facilities related costs assigned directly to colleges
- University Support Pool

*Important: Change in budget model had no impact on actual revenues or expenses for the campus.*

# Key Elements– Old Model

Revenue or expense directly assigned to college
  Initially assigned to a centrally managed budget

# Key Elements– New Model

	Provost	Colleges
College Related Revenues

University Support Pool - Tuition Tax	Initially assigned to a centrally managed budget	Initially assigned to a centrally managed budget
Provost Allocation	Initially assigned to a centrally managed budget	Initially assigned to a centrally managed budget

Revenue or expense directly assigned to college

Initially assigned to a centrally managed budget

# Undergraduate Tuition

## Includes:

- Tuition charged to all UG students
- “True-up” from state appropriations for resident tuition differential

## Tuition Distribution

- College of enrollment (40%)
- College of teaching (60%)

## Financial Aid Distribution

- Financial aid expense follows tuition distribution proportionally

Thank You
