A RECIPE FOR SUCCESS: HOSPITALITY MANAGEMENT MEETS CULINARY ARTS

A collaborative degree program from The Culinary Institute of America and the Cornell School of Hotel Administration

The Culinary Institute of America (CIA) alliance with the Cornell School of Hotel Administration (SHA) has created a culinary delight—a collaborative degree program for students with a passion for food and hospitality operations. After earning their Associate in Occupational Studies (AOS) or Associate in Applied Science (AAS) at the CIA, students can transfer to Cornell and complete their Bachelor of Science (BS) from the School of Hotel Administration in four to five semesters. This unique educational opportunity allows CIA students to explore topics such as advanced hospitality management, revenue management, design and development, and restaurant entrepreneurship, as well as foodservice in hotels, resorts, spas, stadiums, institutions, and other hospitality settings.

For students energized by all aspects of the restaurant industry, this alliance provides a unique opportunity to develop skills and learn the industry from every angle. In the state-of-the-art kitchens and classrooms of the CIA, students gain the technical skills and culinary knowledge that set the standard of excellence in the most innovative and highest-quality establishments in the food industry. In the SHA classrooms and labs, students gain the management expertise to become leaders in a broad spectrum of hospitality arenas. These future leaders are uniquely positioned to bring depth and innovation to any area they touch. Check out the SHA curriculum at www.hotelschool.cornell.edu/academics/ugrad/requirements.

Already the world's premier culinary college, The Culinary Institute of America offers this collaborative degree program with the Cornell School of Hotel Administration, the recognized leader in service and hospitality management, to give students a one-of-a-kind experience.

Students work closely with Cornell Hotel School faculty during course opportunities that include restaurant concepts, design and development, entrepreneurship, and other career tracks.

DEGREE IN HOTEL ADMINISTRATION

Students may be accepted into the program after completing their associate degree program at the CIA. They must complete the Cornell application requirements and interview with the Cornell School of Hotel Administration. In a predetermined program, AOS or AAS in Culinary Arts or Baking and Pastry Arts students may be awarded up to 50 transfer credits, enabling them to complete the Cornell program in four to five semesters.

Cornell Hotel School students meet industry leaders like Geoff Ballotti, President and CEO of Windham Hotel Group, during the Dean's Distinguished Lecture Series (credit: Patrick Shanahan, UREL), in classroom settings, and through the SHA Centers and Institutes through Industry Roundtables and the Entrepreneur in Residence program. Students participate in industry competitions, from placing third in US Qualifications to participate in the Left Bank Bordeaux Cup in 2019, to the Cornell Pepper Challenge, where 2017 winners demonstrated how robot 'Pepper the Bar-tainer' can be used innovatively in hospitality (credit: Robert Barker, UREL).
