Cornell is conducting this survey to gather information about students' views of and experiences with sexual assault and related forms of misconduct such as sexual and gender-based harassment, domestic and dating violence, and stalking; and their knowledge of campus resources and policies concerning these forms of violence. **Every student who completes the survey will receive a $5 e-gift card to Amazon.com.**

Your name was randomly selected to participate in this survey. **Even if you feel that you have no direct knowledge of these topics, your participation is critical to the success of this survey and the accuracy of the data we collect.**

Some questions in this survey use explicit language, including anatomical names of body parts and specific behaviors. It is important that we ask the questions in this way so that you are clear what we mean but this may be upsetting. You may decline to participate in this survey, you may skip any question you are not comfortable answering, and you may exit the survey at any time without any effect on your academic standing, record, or relationship to Cornell.

We will protect the confidentiality of your answers. Information about your name, email and IP address will be removed from the data file when the survey closes. The de-identified survey data file will be stored on a secure server maintained by the Office of Institutional Research and Planning at Cornell. Survey results will only be reported in the aggregate and in a manner that does not identify individual students.

If you would like to talk to someone confidentially about concerns relating to sexual assault or related misconduct, in addition to, or without making a formal report to the University, please contact the Cornell Victim Advocate at 607-255-1212 (available Monday to Friday, 9 am to 5 pm) or victimadvocate@cornell.edu. If you are in immediate need of assistance, contact the National Sexual Assault Hotline at 800-656-4673; this hotline is available 24 hours a day, 7 days a week.

Disclosing an incident on this survey does not constitute formally reporting the incident to Cornell and will not result in any action, disciplinary or otherwise. Should you have issues, concerns, or complaints that you would like to report to the University (and for which you would like the University to take action) please contact a Title IX Coordinator. Students enrolled at our Ithaca and Cornell Tech campuses can contact Chantelle Cleary at 607-255-2242 or titleix@cornell.edu. Weill Cornell students can contact Dr. JoAnn Difede at 212-746-9915 or nosexualmisconduct@med.cornell.edu.

If you have any questions about this survey or have difficulty accessing it, please contact the Office of Institutional Research and Planning at Cornell by email at irpsurvey@cornell.edu.

By clicking “I agree” below, you are consenting to participate in this survey. If you do not agree to participate, please indicate that below and we will not re-contact you about this survey.

Nonconsensual Sexual Contact
