

# CORNELL ASME PRESENTS: FINDING YOUR PATH IN ENGINEERING

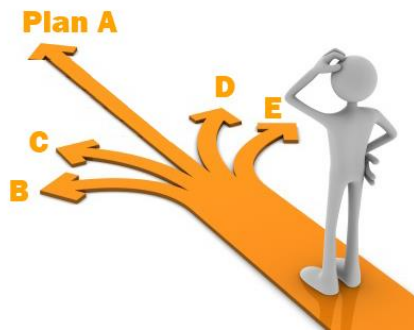

Prof. Wolfgang Sachse

Prof. Dmitry Savransky

Prof. Robert Shepherd

Prof. Daniel Selva

Unsure of how you want to use your engineering degree? Come listen to what some professors in the field have to say about their experiences and turning points in their careers.

## The Panel

- **Prof. Wolfgang Sachse:** expert in the field of ultrasonic waves and materials, with teaching interests in mechanics, dynamics, solid mechanics, and vibrations.
- **Prof. Dmitry Savransky:** will discuss working with various government funded facilities, such as NASA centers and DOE labs.
- **Prof. Robert Shepherd:** will discuss choosing between the options of industry, a startup, and academia.
- **Prof. Daniel Selva:** will discuss coming back to academia after years in industry and differences in engineering education across countries

**Date & Time: April 22, 2015 @ 5:30pm**

**Location: Kimball Hall B11**

\*\*\*Pizza and Drinks will be provided

**American Society of Mechanical Engineers  
Cornell University**
