

Do you know when to call for help in an alcohol emergency? Check the ABCs...

A (**ALERT**
Are they unconscious or passed out? Are they unable to control actions, follow commands, or answer simple questions? Are they unable to stay awake for 2-3 minutes?)

(**BREATHING**
Is their breathing slow or irregular? Are they vomiting while passed out or groggy? Are they having difficulty breathing or chest pain?) **B**

C (**COLOR**
Is their skin pale or bluish? Does their skin feel clammy or cold?)

(**DOUBT**
Is there potential involvement of other drugs or medications? Or potential head injury or trauma? Are you unsure for any reason?) **D**

If you answered yes to any of these questions, it's time to get the help you need. Call Cornell Police at **(607) 255-1111** or **911** from a campus phone. Or call your RA at _____. Good Samaritan Protocol (formerly Medical Amnesty) applies on campus and throughout New York State.
