

Announcing a Special Topics Course

HORT 4940:

Growing Diversity with Plants

Interested in finding out how you can join us?
Come to first course session to learn more, and to enroll.

Thursday, August 29, 2013

12:20 – 1:10 pm

Room 151, Plant Science Building

Students in this special topics course will...

- Discover how **plant-centered activities** can enhance personal well-being.
- Work in **diverse teams** to develop and lead workshops that help **diverse Cornell students** experience the benefits of greater awareness of and interaction with plants.
- **Reflect** on these experiences throughout the course in order to improve self-awareness and effectiveness in leading diverse groups in learning about the power of plants.

- 1 credit. Fall 2013.
- Class meets weekly during semester.
- Participation in 4 campus-based workshops is required.
- Open to students in all majors.
