What is the Master Gardener Volunteer Program?

• A nationwide educational program in horticulture
• An integral component of the county’s outreach programming in reaching:
  ◦ Home gardeners
  ◦ Youth in after-school programs
  ◦ Residents in assisted living facilities
  ◦ Individuals with disabilities
• Neighbors teaching neighbors about multiple topics and issues in consumer horticulture and garden-based learning.
• A corps of volunteers who are trained by Cornell Cooperative Extension in the science and art of gardening

Cornell Cooperative Extension’s mission is to enable people to improve their lives and communities through partnerships that put experience and research knowledge to work.
What do Master Gardeners do?

- Address horticultural inquiries via email or phone
- Write articles about gardening
- Set up demonstration activities in public places
- Consult on school gardens
- Community improvement projects
- Historic garden restoration
- Horticultural therapy
- Organize plant sales and public events
- County Fair information/outreach
- Increase awareness and management of invasive species, water quality conservation, and other environmental issues

What are the qualifications to become a Master Gardener?

A basic interest and knowledge about landscape and food gardening

Enthusiasm for acquiring and sharing horticultural knowledge and skills

Interest in teaching others

Ability to communicate information

Understanding of Cornell Cooperative Extension’s educational mission

Flexible time schedule to allow participation in the program

Willingness to volunteer time on horticultural programming and functions that enhance the mission of the CCE Master Gardener Program.

How can you become a Master Gardener?

Complete a course in general (consumer) horticulture designed for Master Gardener Volunteer Trainees. The next training will begin September 19, 2022 and will run through March 13, 2023, except for holidays (20 sessions total). The cost of the program training is $150.

Classes will be held Mondays, 9 to 11:30 a.m., via Zoom. Some in-person learning experiences may be offered. Instructors include extension educators/horticulture specialists, college professors, agency directors, Master Gardeners, and landscape professionals.

Topics include: Basic Plant Pathology, Soils, Composting, Garden Botany, Annuals & Perennials, Herbs, Basic Entomology, Organic Gardening, Permaculture Gardening, Large and Small Fruits, Trees and Shrubs, Pruning, Ecological Lawn Care, Nuisance Wildlife, Invasive Species, Beekeeping, and Garden-Based Learning.

Upon course completion, Master Gardener ‘Apprentices’ are expected to complete Master Gardener Volunteer service within a twelve month period. Times may include committee work/meetings, grounds, helpline, plant sale, and outreach activities.

CCE provides equal program and employment opportunities. Accommodations for persons with special needs may be requested by contacting Cornell Cooperative Extension Herkimer County.
