## Request for Allocation of Space

(Space Request Long Form – used for most space requests, including requests for new leased space)

Existing, Cornell-owned space must be utilized as effectively as possible in order to support desired growth. Any endeavors that require additional space should be addressed first within a unit's current allocation, then within the unit's lead college or division.

**This form documents an expected or impending need for space by an academic or administrative unit of the University that cannot be met within the existing college or division allocation. A unit should complete this form as soon as it identifies the potential to occupy new space.** This request will be reviewed by the Space Management Program Manager and then directed to the Space Use Advisory Committee for final review and comment. Per the Space Use Principles for Registered Organizations, requests from student organizations need to be resolved through sponsoring departments and other affiliates.

**Directions for Completing Form:** Respond to the requested information by inserting supporting text after each inquiry. Responses for each inquiry may use additional space as needed. Needs vary tremendously and a one-size-fits-all form will not work perfectly in all situations. Not every question may apply to every situation, and some questions require longer responses than others. The unit completing the form understands the need best, so do your best to record the need, and call for assistance if you have a question.

Send the completed form and any relevant attachments to: Space Management Program Manager, Suite 440 Day Hall or [spaceplanning@cornell.edu](mailto:spaceplanning@cornell.edu). Call (607-254-3529) or e-mail with questions.
