CAMPUS CLUB at CORNELL
Mid-Year Update on Club Programs and Activities

February 2017 Newsletter

HAPPY NEW YEAR! We are five months into the 2016-2017 activity year for the Campus Club at Cornell and I hope you have been enjoying the many events and activity groups that are available.

New this year is the Online Membership Registration available on our website, which is especially useful for those who could not attend the Fall Coffee. Our membership is robust and continues to grow. It currently stands at 358 with 39 new members and 28 online members. We welcome newcomers throughout the year so please feel free to extend invitations to other women in the Ithaca area who are interested in expanding friendships and participating in interesting activities.

We started off the year in September with the Fall Coffee at a new venue, the Ramada Ithaca Hotel and Conference Center, where activity group leaders were available to discuss their groups and sign up members. We had a big crowd and many said they appreciated the hospitality and ambiance at this event.

The Holiday Tea in December was once again a resounding success at Coltivare. There were 130 attendees who enjoyed catching up with friends, sampling the hors d'oeuvres and sharing the holiday spirit. Some lingered until Coltivare turned off the light.

This year we planned five interesting and informative lectures and programs. They are open to the public and are well attended. We will end the year by having Professor Valerie Reyna speak on A New Approach to Improving Health and Medical Decision Making at our Annual Meeting and Spring Luncheon. It will be held at the Country Club of Ithaca on May 4th.

I’m sure I speak for all of you in thanking our group activity leaders for all their efforts and energy in making their various groups fun, interesting, welcoming and well organized. They are the core of the Club and make it happen! There are over 20 groups this year including 5 newly formed groups: Dabblers, Dawdlers, Downhill Skiing, Mahjong and What Do You Know. A special thanks also goes to this year’s Board members who help carry on the 117 year history of the Campus Club at Cornell. Again, check out the website for updates on membership, lectures and programs, activity groups and other Club related information. Enjoy the newsletter and hope to see you at the next Club event!

Best wishes,

Nora Shang
President
PROGRAMS UPDATE

We had two very successful programs this fall. Roberta Moudry's annual Cornell Campus Architecture Walk (When Glass Meets Grass: Transparency and Relationship on Central Campus) happened on a lovely fall day. We viewed several glass/transparent buildings on campus and examined the new Klarman Hall in depth. In November, Christopher Dunn, the Director of Cornell Botanic Gardens spoke about the importance of preserving our natural and cultural biodiversity heritage (Can Gardens Save the World? Preserving our Natural and Cultural Heritage).

COMING SOON

Thursday, February 23rd at 10am at Kendal, Alan Levine, Asst. Prof. of Government at Cornell, will discuss "Does Populist Rhetoric Work?"

Tuesday, April 4th at 10am at Kendal, Daniel Barbash, Prof. of Molecular Biology and Genetics, will speak on "The Dawn of the Gene Editing Age"

Do join us for both talks.

Barabara Nosanchuk

ACTIVITY GROUPS UPDATE

Starting a New Campus Club Activity Group / Keeping Activity Groups Alive.

Do you have a hobby, enthusiasm or expertise you would like to share with other women? Does one of the activity groups you participate in have too many members? Has your activity group leader burned out?

This year we had at least 5 new groups: Mahjong, Dabblers (Arts and Crafts), Dawdlers (Bicycling), Downhill Skiing, and What Do You Know (an entertaining discussion group). Mahjong, What do You Know, Dabblers and Bicycling are big hits. Downhill Skiing is hoping for more snow and a few more good sports.

We would like to encourage YOU to step up to start a new group, create a spin off, or lead an existing group. While it may seem overwhelming at first, my experience is that many group members willingly step up to help and fill in when the leader has conflicts.

Activity groups create the heart of Campus Club. It is how we have fun, meet new people, and reach out to women that are new to Ithaca, or going through a transition in life. Take just a few moments to think about the friends you made and the fun you have participating in Campus Club Activity Groups. If you think you are ready to start a new group, please email Marcie Robinson (mrobi1586@gmail.com) or Paula Twomey (paulat@twcny.rr.com). We will help you get the word out, make sure you have a booth at the Fall Coffee, and provide moral support.

Bird Study Group
The Campus Club Bird Study Group was blessed with beautiful weather (both sunny and warm temperatures!) for our fall birding excursions. From mid-September through mid-November, we met locally at Sapsucker Woods, Jetty Woods, Hogs Hole, Stewart Park, and the East Recreation Way. We carpooled to Dryden Lake, Myers Point and Montezuma National Wildlife Refuge. With many new members signed up, we averaged 14 birders per outing. For the winter months, we will enjoy presentations about birding in Alaska and Arizona as well as learning more about David Winkler’s study of tree swallows. In late March, we begin our Spring birding and look forward to the annual northern migration of our colorful friends.

BOOK GROUP I –Monday Afternoon
The Monday Afternoon Book Group continues to read a wide variety of fiction and non-fiction. So far this year, our reading has included Viet Thanh Nguyen's novel, -The Sympathizer-, an account of the Vietnam War from the Vietnamese side; Andrea Wulf's -The Invention of Nature-, an account of Alexander von Humbolt's life and thinking about nature; and most recently a revisionist history of the Borgias. We have enjoyed challenging ourselves with different kinds of writing and with ideas that are new and sometimes difficult for us. We are a large group, but our respect for each other's ideas and our enthusiasm makes the group work. We look forward to the second half of the year.

BOOK GROUP II  --Thursday Afternoon  📚
The members are enjoying the book list for this year. One of the books we read is “Just Mercy” which describes the mistreatment of black citizens in the Southern courts of this country. This book generated lively discussion about racism and justice. After such an intense book, our next book is going to be murder mystery set in upstate NY “In the Bleak Midwinter”.

BOOK GROUP III –Monday Evening  🌃
Our group has met monthly and read some very interesting books! We are about to have our annual dish to pass dinner which is themed on our January book; this year it’s Caribbean foods and our book is *The Marriage of Opposites*, by Alice Hoffman. We all look forward to getting together in mid-winter to share interesting food and discuss our latest book. Spring will bring more interesting book choices: we read both fiction and non-fiction and always have lively discussions in a member's home each month. Come and join us!

BRIDGE

The Wednesday morning bridge group continues to be a popular activity. We have a varying number of players each week, depending on who’s in town, but we are usually filled to capacity except in the winter months when many of our players do head to places that are much warmer than Ithaca! This year’s group consists mainly of continuing players, but we also added a few new ones at the Fall Coffee. Our long-time mentors, Gail Leibovich and Birgit Anderson, continue to provide us with excellent guidance and instruction when they are in town. If you enjoy a fun game of “social” bridge, this is a great activity in which to participate.

**CANASTA**

The Canasta Group is now in its sixth year and going strong. We have a small group of people who meet at Kendal the first and third Fridays of the month. We enjoy strong competition and great conversation. We have taught and retaught many and do enjoy the company. Come and join us whenever you can. Call me at 607-277-0682 or email me - you are most welcome.

**DABBLERS**

The Campus Club Dabblers met for a flower arranging class taught by Linda Van Apeldoorn and a torn paper collage session led by Linda Byard. The creativity of our members was impressive. We talked and talked, laughed and laughed, and enjoyed seeing the results of everyone’s efforts. We met new people, formed new friendships and had FUN! There are 4 more sessions scheduled for this semester.

Marcia Kepecs (mkepecs@msn.com)
Rhoda Janis (rhoda.janis@gmail.com)
The new Cycling Group is off to a great start. About 25 people signed up and at least 20 different people have participated in a ride. One of our biggest groups was 13 women on a rainy cold day--not a one turned back. I am still in shock. Rides have included the “alpine” valley between Brooktondale and Codington Road, many different roads in the airport/Lansing area and the new Black Diamond Trail. We encourage folks to keep exercising and attending spinning classes this winter. We have yet to explore routes off of Ellis Hollow, explore T-burg once we are at the top of the hill (achieved magically by the grade of the black diamond trail), or meander down Salmon Creek and then climb out.

Two significant changes have been implemented since the group started. First our start time is 1:30 pm not 2:00 pm as originally stated. Second, we are definitely not dawdlers so next year we will have a yet to be announced new name. The default start location is the post office on Warren road. We gather at 1:15pm on Thursdays for a 1:30 pm start.

We try to offer two different routes each ride. One a little gentler and one that is 15-20 miles at an average pace of about 11 miles per hour. Please email Marcie Robinson at mrobi1586@gmail.com if you would like to join the group or get our emails. We try to post the week’s route and meeting place on Tuesday.

Looking forward to seeing everyone on the first Thursday in April

Marcie Robinson (mrobi1586@gmail.com)

DOWNHILL SKIING-Alpine Skiing 💫

Well, I forgot to take a selfie of the 3 of us at our first meeting on January 9th. Unfortunately the leader has had family conflicts on at least two Tuesdays with snow. The objective of this group is to simply provide company and/or motivation for women who want to downhill ski. We try to meet at Greek Peak on Tuesdays at 9:15 am and be in line when the lift opens at 9:30. Tuesday is Ladies Day at Greek Peak. Check the website for more information about lift tickets and lesson specials. Please email me if you would like to join Alpine Skiing group or get our emails.

Marcie Robinson (mrobi1586@gmail.com)
FRENCH

The group aims at helping French-speaking members at all levels to exchange experiences and interests in a venue opened to CCC members. We usually meet on the third Thursday of the month between 12:00 noon and 2:30 pm at Kendal Retirement Home where several members live and where lunch can be ordered and parking is available.

Our conversations cover themes such as literature, the arts, travels, holidays, anecdotes, expressions and other topics suggested by the membership. Last year the highlight of conversation was in May when our theme was "Mères," to celebrate Mothers Day. We referred to a collection of some fifty illustrated sayings by well-know figures such as Napoléon-Bonaparte, Pablo Picasso, Alfred de Musset, Sigmund Freud, and Sophia Loren, to name a few. Others were national sayings from China, Ireland, Germany, Israël and Russia. As each member had the opportunity to read one or more of these aloud and provide comments, this meeting was particularly lively and memorable.

GAMES

Learn a new game or return to a favorite. There is a lot of chatter, laughter, and a bit of a fun-competitive edge.

Games we have tried so far this year –
1. Blockhead (a balancing skill game)
2. Boggle (find unique words and you alone get points)
3. Bohnanza (trade cards to plant the best bean-fields)
4. Euchre (a fast-paced trick-taking card game, but watch out for the Jacks)
5. Fitz It (name an object that fits all the attributes of the cards you lay down)
6. Iota (add cards to a grid, making sure color, shape, and number are either all the same or all different across the line)
7. Rummikub (also called Rummytyle – lay down runs or 3 or 4 of a kind)
8. Sequence (play a card in your hand, place a chip on a corresponding space on the board, ...when you have five in a row that's a Sequence),
9. Spaceteam (fast-paced cooperative shouting game where you work to repair the spaceship in order to launch it before the time runs out)
10. TriOminos (kinda like dominos with triangular tiles)

We meet the 2nd & 4th Tuesdays of the month (Sept thru Jun) at 10 AM. Come and join us! Send Raf an email to be added to the list.

Raf Chew (rafchew@yahoo.com)
The Campus Club Gardening Group, skillfully and jovially guided by our fearless and eternally youthful leader, Joan Lawrence, has had a festive fall line-up with 3 meetings. In September, we gathered at member Sue Martin's lovely Lansing abode for our annual planning and plant exchange meeting, where we enjoyed reuniting after our summer respite and greeting new members while benefiting from the fruits of Sue's summer gardening labors with take-home herb and pepper handouts.

On a cold and rainy day in October, a brave cohort of us ventured to Iron Kettle Farm in Candor, where we learned about the various aspects of their family-run operation. We also toured their fun animal farm and Halloween pumpkin character display. A few of us enjoyed a lunch repast afterwards at Sunset Grill on 96B.

Our combined November and December meeting was a lively holiday pot luck and gift exchange in early December at the historic home of new member Tania Lawrence, sited on a beautiful spot along the lake in Lansing. Secret revealed: good gardeners are also good cooks!

Our January meeting was a tour of the Wiegland Herbarium in Mann Library on the Cornell campus. It was a fascinating hour and a half tour (the first herbarium started in the 1500’s and still exists!). We also took in Cornell’s Leopold and Rudolph Blaschke collection of glass models of marine invertebrates and ended with a visit to the Liberty Hyde Bailey Conservatory next door.

The Campus Club Gardening group is a fun and friendly group open to all levels of gardening skills, interested in gaining gardening knowledge and learning from each other as well.

GEOCACHE

The Geocaching group is an enthusiastic and adventurous group of ladies who have been busy exploring the local area using GPS coordinates to find creative and cleverly hidden containers. Out on their quest to find Geocaches they have hiked along the Catherine Valley rail trail, searched in small towns and along country roads with points of interests, discovered an art walk along the Seneca Canal, and met some challenging and interesting terrain.

GOURMET

Our Gourmet Diners Group has had a deliciously successful year. We had an influx of new members this year, so we’ve expanded our social circle as well as our waistlines.

On a beautiful September evening, we enjoyed appetizers and cocktails in Nancy Ridenour’s uniquely beautiful garden. Last fall, we ate Italian without pasta, and ventured into exotic middle eastern eating with rewarding results. As is always the case, our holiday brunch at Hope Thorn-Horst’s lovely home was elegant and festive.

All in all, we had a wonderful year. The only thing we’re lacking is a good candid photographer!

HIKING AND CROSS COUNTRY SKIING

As one of the older activity groups within the Cornell Women's Club, we are happy to report that we continue to enjoy the fellowship of our returning members as well as the new members who added new ideas and excitement to our group. And this year, we have had the largest turnout ever. On average, between 20 to 25 women hiked this fall in the State Parks of Buttermilk, Treman and Taughannock as well as portions of the Finger Lakes Trails in Tompkins, Cortland and Schuyler counties. We also enjoyed our walks in various Preserves and the new sections of the Cayuga, Waterfront and Black Diamond Trails. We have skied at Sapsucker and Yellow Barn so far and look forward to more skiing as snow season is upon us. Even if the snow is absent, we still hike in the winter and delight in the hidden waterfalls we discover throughout the area. It is never too late to join us, so come and enjoy fresh air and company. You will discover that indeed, "Ithaca is Gorges."

JUST COFFEE

Take a break in your day to enjoy a cup of coffee (or tea) with old and new friends. No prepping, no hosting, just show up. All you're responsible for is buying your own coffee or tea. Catch up with happenings in our daily lives, discuss current events, learn a few new things, and much more.

We meet the 1st & 3rd Fridays of the month (Sept thru Jun), 10 AM at Ithaca Bakery, Triphammer Marketplace.

Stop by anytime. Send Raf an email if you would like to be added to the list.

Raf Chew (rafchew@yahoo.com)
IMAGINING RETIREMENT

The Imagining Retirement group has been exploring new ways to think about the retirement process, whether one is retired or is contemplating retirement. Our October meeting was a “get to know one another” session, discussing our experiences and interests for further topics.

To that end, our November meeting was a discussion of volunteer opportunities. We had Kathy Weidberg from Friends of the Library Book Sale talk to us about opportunities to volunteer for their annual event - sorting, selling, etc. Thank you, Kathy! Other opportunities shared by our members were at Catholic Charities, the SPCA, the Food Bank of the Southern Tier and the Salvation Army’s food pantry. We also mentioned the Women’s Opportunity Center for skill development and the Boutique associated with them. Other initiatives included specific church or temple groups that are in need of volunteers for their programs as well as Learning Partners in which you work one on one with a student who needs tutoring help on a weekly basis. Docent work at the Johnson Art Museum is another place to volunteer. The newly renamed Cornell Botanic Garden is another option, as is the Southworth Library in Dryden where sewing classes and hand stitching classes are offered.

Regrettably, our December meeting was cancelled due to inclement weather.

Our January meeting included a presentation by Joyce Billing from Lifelong. Joyce is the coordinator for VolunteersConnected! and talked about a variety of ideas for volunteering within the Ithaca area. Some agencies offer very flexible hours and opportunities – something for all! Joyce and her network of connections make it easy to register with her through Lifelong and find the right placement for individual availability. Thank you, Joyce!

MAHJONG

The MahJong group, which meets on the second, fourth, and fifth Friday morning of each month, has members who are brand-new to MahJong, members who've been playing for decades, and every level in between. We play a friendly game, and there's good conversation and laughter. We're thinking about meeting in the 'off weeks' on Thursday afternoons, at the same venue (Ithaca Bakery on Triphammer). If you want to learn the game, improve your skills, or just watch and kibitz, we'd enjoy having you.

PERFORMERS

The Performers’ Group is an activity group for Campus Club members who play an instrument or sing, and who wish to share their music with others in an informal setting. Our membership includes listeners who do not perform but who enjoy the gathering of amateur musicians to hear interesting and often memorable programs of mostly classical music. We encourage performance on a variety of instruments and levels.

Our first meeting this year included a wonderful and varied program of music by Bach, Bodin de Boismortier, Bolcom, Chopin, Clementi, Godard, and Hotteterre. We were treated to outstanding performances on piano, flute, recorder and voice, after which we enjoyed seasonal refreshments.

We welcome new members, both performers and listeners. If you would like more information or have questions, you may contact one of our activity leaders:

QUILTING

Campus Club Quilt Group is perking right along. Our programs have included traditional quilting methods as well as learning new ways to use fabric for interesting projects.
We learned how to weave fabric pieces to be included in quilts. We tried our hands at making bali bowl using cording and fabric strips. We have seen demonstrations of new tools to assist us in future endeavors. We are a very congenial group and enjoy having new people join us.

UKULELE

Our ukulele group is thriving and providing a wide variety of opportunities for players to participate. We continue to meet on Friday afternoons, 3-5 pm at an easy to access room at Kendal. We are lucky to have some more experienced players who join us on occasion to work on new pieces and additional techniques. We've been able to incorporate beginners while providing challenges to those who are ready. Check out our Christmas wish for all!

WANDERERS

The Wanderers group organizes 5 local day trips each year. We choose destinations that usually have historic, unusual and/or unique characters. We have over 100 members and limit our trips to 25 people. Trips often fill up shortly after the trip announcement. We car-pool to our destinations and the drivers are reimbursed for gasoline.

May 19, 2016 - Buffalo. We visited the Darwin Martin House with a guide, after lunch at the Buffalo Yacht Club, we had a guided tour of the Wright’s Fontana Boathouse, and ended our day with a tour of Forest Lawn, America’s premier historic Cemetery

June 16 - Cortland. The 1890 House (Cortland), Frog Pond Farm Art Gallery (Little York) and the Oneida Community Mansion House (Oneida) were visited. We also stopped at the Shako’wi Cultural Center in Oneida.

September 29 - Elmira. We did a walking tour with a guide through the Historical District in Elmira: Grace Episcopal Church, Elmira College with Mark Twain Studio, and the Arnot Art Museum. Our last stop was at the X-MAS house, with a lovely gift shop.

January 12, 2017 - Ithaca downtown. Visits included the Serviente Glass Studio, the Ink Shop Printmaking Center, lunch at "Taste of Thai", a guided tour at The State Theatre is included too. The tour ends with a visit to “Handwork” with a fiber artist.

WHAT DO YOU KNOW

Last summer, at a Just Coffee get together, Raf Chew suggested to me in that sweet, diffident, unassuming way that she has, that "we" should start a new group organized around the idea that the members meet and speak on a common topic. I thought, "What a great idea!" and told her so. Then she added - "And you would be great to lead it!". Watch out for that Raf - besides being creative, talented, brilliant, a great cook, and a beautiful woman... she's cunning!

I have to say, this has turned out to be a riot. Some people come to listen, some to talk. And when I say talk, it's so much more than that! The evenings are a smorgasbord of ideas, formats, food, and fun (lots of laughter), with each presenter taking a maximum of 10 minutes to enlighten the listeners to some or many aspects of whatever the topic is.

"Rabbit" inspired a telling of the Chinese tale of the rabbit in the moon, an exploration of art from Durer to a 42 foot paper rabbit in Taiwan, a journey from a paucity of rabbits in Finland to a sultry transformation of the presenter into Jessica Rabbit, complete with cleavage, voice, and flowing tresses! And all at the dining room table!

There have been tales illustrated with props ranging from garbage cans to crocheted representations of hyperbolic space to books, lots of salt and pepper shakers and other fine items to say "Oh" about, first experiences of new immigrants and wives as well as elephants trumpeting in the night, and reminders of how lucky we are and that we can reach out to others who are not as fortunate. And that is just a snippet of what has come to pass at our meetings!!!

It's been loads of fun and we're just getting started. Thank you to all who have come to listen and to present. Creativity and civility are still alive and thriving!

If you want to attend, we usually meet the second Tuesday of the month from 7:30 pm until ‘whenever’.

International Friendship Group (1st Wed of the month)

Our members this year hail from 20 countries. We meet on the first Wednesday of the month (Oct thru Jun), 7:30 PM at member homes. The programs for this year are – travels in Germany, a peek into Taiwan, Annual Potluck Dinner, Speed Chatting, Salsa Dancing, travel in Northern Australia, Podcast Party, and End of Year Salad Lunch.

Please join us. Send an email to Raf to be added to the list.

Raf Chew (rafchew@yahoo.com)
International Women Friendship Group - Third Wednesday Group

Our International Women Friendship Group meets on the 3rd Wednesday of each month (except in December) at 7:30 PM, usually in a member's home which the group enjoys. We have a core group of 12-15 members from 11 different countries.

This year's programs, given by one of our members, are: “My trip to Europe 2016”, “Special Childhood Foods”, “Chinese New Year”, and “Syrian Refugees in Ithaca”, just to mention a few. Our biggest event takes place in December with a Sing-Along and a dish-to-pass with international dishes. Our annual dish-to-pass with husbands and friends takes place in May. Our evening meetings always conclude with delicious refreshments brought by two members. Experience has shown that some of the most successful meetings are those where all members are given the opportunity to talk on one special topic. And last but not least, we have lots of fun and enjoy each other’s company.

PLEASE COME AND JOIN US.

And finally, a word from the Campus Club Board:

It has been our pleasure to serve the members of the Campus Club at Cornell this year. We hope that all of you have enjoyed the events, activities and programs that the Club provides and that you will consider becoming more involved in the leadership of the Club in years to come.

Thank you!
