**PLEASE NOTE** - Many other resources have also been placed in each County Cornell Cooperative Extension offices over the years. The list above represents some of the resources that your county should have. Please find a safe place for these resources and keep them available to the staff, volunteers, and youth through the county CCE offices. A plastic tote full of horse resources would work nicely! **Please keep these valuable resources together and please save** this list as a reference for a minimum of what you should already have!
