EXHIBITOR INFORMATION

4-H/Youth Dairy Cattle EDUCATIONAL and EXHIBITION COORDINATOR: Debbie Grusenmeyer (607-255-0656), 160 Morrison Hall, Department of Animal Science, Cornell University, Ithaca NY 14853

NEW FOR 2018 and updates for Youth Dairy Cattle Exhibitors

The year 2018 is bringing more changes to the New York State Fair. The first big change is the Fair will continue to be 13 days long instead of 12. The first official day of the Fair will be August 22, 2018. The changes in the schedule that were implemented in 2017 will continue. **Please review the schedule carefully for these changes.**

Also with the New Year, there has been a change in leadership with the Dairy Youth Shows. After 25 years, our youth superintendent, Eileen Taylor had decided it was time to retire. We greatly appreciate all her years of service in this role and all the hard work she has put into this position to make for a great dairy youth show....thank you Eileen. Heath Waterman is the new dairy youth superintendent. With that said, I, Debbie Grusenmeyer, will be the face in the Dairy Youth Office at the Fair. Questions and Entries for the Dairy Youth Show will be directed to me also at djc27@cornell.edu or phone 607-255-0656. Cell is 607-592-2567 if needed.

There is also some changes happening with the Youth Dairy Cattle Entry requirements. The ultimate goal for us all is to provide a consistent, safe and healthy environment that protects the well-being of our youth, while giving them the opportunity learn, build and demonstrate responsibility, while exhibiting their dairy projects in a networking environment with other youth and adults mentors. Please keep this in mind as we continue to embrace the requirements and responsibility for lodging in the dairy barn that was implemented at the 2016 Youth Dairy Cattle Show at the New York State Fair. These changes come with the collaborative efforts of 4-H Administration, Cornell and 4-H Risk Management, State 4-H Leaders, 4-H Dairy Youth Advisory Committee and NYS Fair.

The Dairy Cattle Youth Entry Form will required additional information regardless of affiliation(4-H, F.F.A Advisor/Ag Teacher, or Dairy Cattle Breed Association Representative) endorsing the youth's dairy cattle entry:

- If youth is staying overnight, there are 4 options to choose from on the entry form and each will require additional information. Please read carefully and follow instructions.
- Only Youth Dairy Cattle Exhibitors may choose overnight lodging in the Dairy Barn with appropriate paperwork and approved chaperones.
- All youth staying on-site and registered in Dairy Cattle Barn overnight lodging must have a chaperone that is approved, including background check, using the 4-H Chaperone Guidelines found at:

<http://4hstaff.cce.cornell.edu/program-management/risk-management-resources-0>

- **Signature of Affiliation Endorsing the Youth Dairy Cattle Entry is verifying that your organization has Insurance & Liability coverage for the time period indicated and all chaperones accompanying this participant have been background checked, screened and approved as a volunteer using the NYS CCE 4-H Chaperone guidelines.**
- **All Youth Dairy Cattle Exhibitors must submit New York State Fair Youth Dairy Cattle Show Expectation of Conduct & Overnight Residents Rules/Regulation Form.**
- **All 4-H Exhibitors who choose lodging in the youth dormitory must also submit the 4-H Youth Development Statewide Member Code of Conduct Commitment form and follow those requirements.**
- **All Dairy Cattle Youth Entries will need all required papers/forms and SIGNATURES and must be postmarked by August 11th to meet the August 13th, 2018 deadline, to be eligible for showing in the Youth show. Please start early to meet deadlines.**
- **As stated, there will be a chaperone and youth exhibitor orientation at 7 PM at the Dairy Cattle Show ring bleachers the first Wednesday of the NYS Fair, for first rotation, and Wednesday of the Fair for the second rotation. (Colored-Breeds) Participation is required.**
- **Please read and complete ALL additional requirements that must accompany Youth Dairy Cattle Entries as outlined with the NYS Fair Youth Dairy Cattle Entry form and Expectation of Conduct & Overnight Regulations Form.**
- Please read the N.Y. State Fair Youth Animal Science Premium Book and Rules and Regulations for general rules about educational contest, youth shows and health requirements.
- Please read pages of the Dairy Cattle Premium Book, General Information, for important information on livestock arrival and release procedures.
- **If you have questions, please contact your local 4-H Educator or Organization Representative or Deborah Grusenmeyer at [dj27@cornell.edu](mailto:djc27@cornell.edu) or 607-255-0656.**

I Hope all are having a great summer and are excited about the opportunities and educational experiences that can be found at the New York State Fair. It is a time to showcase your project areas and hard work from throughout the year, and at the same time highlighting our youth organizations. Please display the 4-H and FFA identification sign that can be picked-up in the Dairy Youth Superintendents Office at the State Fair. This helps to promote our youth organizations in which you are all part of and shows community members the great work and opportunities our organizations bring to our young people.

It is the responsibility of the 4-H educators, FFA advisors and Breed Association Representatives submitting entries in any division of the NYS Fair Youth Dairy Cattle Show to ensure that each exhibitor and his or her family, volunteer leaders and any other persons who will be supervising exhibitors, to read and become familiar with the rules and requirements as well as the rules and regulations published in the Youth Department L Premium book.

Go to <http://www.nysfair.org/competitions>, then, click on Competitions, followed by clicking on "how to enter". Scroll down to Youth Cattle-Dairy and you should be able to find information referenced above and a downloadable copy of the Youth Premium Book and linked to the Department of Animal Science, Cornell University, for a downloadable copy of exhibitor letter and entry forms.

4. If ties are missing or broken, please inform someone in the Open Dairy Show or Youth office.
5. Exhibitors are expected to perform all routine feeding, watering, grooming and stall management chores if housed in the Youth section of the barn.
6. Although stalls are to be cleaned at least twice daily (morning and night), stall areas are expected to be neat. All manure and wet or soiled bedding must be removed.
7. All manure is to be placed in the designated storage areas. Manure handling equipment must be supplied by the exhibitors including: tubs, rakes, forks and wheelbarrows.
8. Wash rack should be kept free of manure and trash.
9. **EXHIBITORS MUST CLEAN UP ANY MANURE THAT IS DEPOSITED BY THEIR CATTLE WHEN WALKING THE ANIMALS IN THE AISLES.**
10. The cattle barn usually closes its doors to the public at 10:00 p.m. (Between 10:00 & 10:30 PM)
11. On very hot days, electrical power use in the dairy cattle barn must be minimized to avoid power outages. Electricity for ventilation, milking, lighting and fans is more important than

the electricity for refrigerators, radios, microwave ovens etc. State Fair has asked that exhibitors cooperate to help accomplish this or State Fair will be forced to ban certain equipment.

I. CARE OF ANIMALS

1. All cattle should be appropriately fed and watered.
2. As a safety precaution, no feed tubs or water buckets are to remain in the stall after the animal has finished with them or when the animal is unattended.
3. As always, Youth exhibitors are expected to treat their animals humanely. No animals shall be treated cruelly or in an inhumane way at any time. Any evidence of improper treatment including misuse of equipment, halters, etc. will be considered a major infraction and will subject the exhibitor to immediate penalty.
 - a. If any violation is committed by someone other than the exhibitor, but someone who is associated with that exhibitor, the penalties will be placed on the exhibitor of the animal being abused.
 - b. If someone unknown to the exhibitor exhibits improper treatment to an exhibitor's animal, report these actions to your county agent and/or the Youth Dairy Cattle Supt. (Heath Waterman) or the Open Dairy show Superintendent.
4. Keep in mind that herdsmanship will be judged daily and spot checks will be unannounced.

Items to Mention for Dairy Youth:

1) We will be hosting a 4-H Dairy Quiz Bowl Invitational contest at the New York State Fair for the winning Novice teams from the 2018 regional contest. The contest will be held this year in the Dairy Cattle Barn show arena by the bleachers. It will start at 10:00 am on Wednesday, August 22, 2018.

2) Rules for 4-H Dairy Judging and Dairy Challenge:

- a) Dairy Judging- At the State Fair contests, we are going to open up the first day of dairy judging and the Dairy Challenge contest to allow each county to have up to 2 full teams of 4 members each for each level; novice, junior and senior.
- b) Dairy Judging and Dairy Challenge will be set-up in the division levels of senior, junior and novice instead of A, B and C levels. Junior team members must be at least 9 and less than 14 years old as of January 1 of the current year. Senior team members must be at least 14 years old as of January 1 of the current year and not reached their 19th birthday prior to January 1 of the current year. Novice division participants include youth age 10 and under as of January 1st. Youth may move up a level in these contest but once you move up, youth can't move back down a level.

3) If a county does not have 2 full teams:

- a. Combining of counties to make full or additional teams can only be done with counties that are in the same 4-H Dairy Educational District. (One county can

have up to 8 individuals for each level; novice, junior and senior): For example: A county cannot have 10 players for senior level with 2 full teams and then combine the other 2 players with another county in the same 4-H Dairy Educational district, even if that gives the other combining county their 2nd full team. Three members are required to form a team.

- b. They can combine with another county that is in their same 4-H Dairy Educational District, if combining their players will make another full team without eliminating eligible players from either counties maximum representation for the event.
- c. If a county has more than four individuals, and there is **not** an opportunity to add members from another county within the dairy educational district to form a team, those youth may participate in the contest as individual participants. Members of the team and those competing as individuals must be identified at registration. Individual participants are not eligible for team awards, but will compete for individual placing's.
- d. All individuals that are registered to the specific event (dairy judging or dairy challenge) will be eligible for individual awards and placing's.

4) Pre-registration must go through the county 4-H Educator.

5) State 4-H Dairy Cattle Judging Contest: Only Senior team members are eligible for State team selection as long as age eligible. Those who have participated in the Harrisburg Contest are still eligible for the Madison or Louisville Team, but are not eligible to go to Harrisburg again (same for Louisville.) There will be a pre-registration form emailed to counties for sign-up and will be posted on the Animal Science 4-H Youth Page under State Fair. We will also have registration for the contest at the State Fair in the dairy cattle show ring prior to the start of the contest on contest day, but we highly encourage pre-registration.

6) State 4-H Dairy Challenge Contest: If a youth participates at the State Fair Contest and goes onto Harrisburg for the Dairy Management contest and places as the Top High Individual (1st place individual) at that contest, regardless of state or county representation, that youth is ineligible to compete at our State Dairy Challenge contest held at the State Fair in subsequent years or the Dairy Management Contest in Harrisburg in subsequent years. If a youth participates either as our State team member, county team member or individual at the Dairy Management contest in Harrisburg and is NOT the Top High individual, they are still eligible to participate(providing they have not exceeded 4-H age eligibility) in the Dairy Challenge Contest and the Dairy Management contest in Harrisburg.

Enjoy the Fair!!
