NEW YORK STATE FAIR MISSION STATEMENT

New York State is agriculture, youth, education, industry, diverse cultural traditions and more – our treasured past and brilliant future.

The primary purpose of the New York State Fair is to conduct an annual celebration of the economic, cultural and institutional strengths indigenous to New York with a special emphasis on agriculture as one of the State’s largest and most important industries. Along with twelve-days of expositions, the Fair will offer various forms of affordable entertainment and amusement for families and friends, and showcase the talents, skills and aspiration of our youth. The Fair will also promote agricultural growth and awareness through educational programs, Statewide competitions in breeding and showing of livestock, and by promoting and supporting the sale of the State’s agricultural and food products.

The Fair administration will proficiently and effectively promote the ongoing use of the Fairgrounds to realize the full potential of the Fair as a leading center for exhibitions, trade shows, agricultural events, and cultural and entertainment productions. At the same time, the Fair administration will foster State pride and maximize revenue while preserving the character and tradition of the Fair.

With a full embrace of the State’s insignia, “Excelsior,” the Fair will be operated according to the highest standards of professionalism and ethical conduct.

NEW YORK STATE FAIR
YOUTH DEPARTMENT

"4-H: The Power of YOUth"

H. Thomas Davis - 4-H State Fair Program Coordinator
AND
Nigel Gannon - 4-H Youth Development State Program Specialist

PURPOSE OF 4-H INVOLVEMENT AT STATE FAIR

4-H is the youth education component of Cornell Cooperative Extension representing a partnership between the Cornell Colleges of Agriculture & Life Sciences, Human Ecology and County Cornell Cooperative Extension Associations.

The emphasis for Cornell Cooperative Extension’s 4-H Youth Development involvement at State Fair is to provide youth 8 – 19 years of age with opportunities to:

- Be recognized for their accomplishments: display what they have learned; enhance individual learning and skill development; learn and recognize standards for quality project work; apply research-based subject matter to everyday life experiences, and receive recognition for a job well done.
- Present an accurate, contemporary image of 4-H as a relevant, year-round non-formal educational program for youth of all backgrounds and interests.
- Attract youth and adults to become involved in the 4-H program.
- Educate the public about selected subject matter and issues, particularly those related to the expertise of Cornell University and the 4-H Youth Development program.
- Provide opportunity for volunteers to develop and demonstrate their leadership abilities through planning and conducting the Fair.
- Provide FREE family fun.
- Promote public awareness of the 4-H program through a showcase of 4-H Youth in Action, as well as exhibits of 4-H project work.

4-H Youth Development Programs are open to all youth in grades K – 12 throughout New York State, regardless of geographic location, ethnic, racial, economic, and educational backgrounds. Its purpose is to create supportive learning environments where diverse groups of youth and adults can reach their fullest potential as capable, competent and caring citizens.

Youth Development is the natural process of developing one’s capacities. Positive youth development occurs through an intentional process that promotes positive outcomes for young people by providing opportunities, relationships and the supports to fully meet the challenges of adolescence and adulthood. Participation in State Fair is yet another exciting opportunity for Positive Youth Development.

4-H focuses on the four H’s: Head, Heart, Hands, and Health; and the Essential Elements of 4-H Youth Development: Independence, Belonging, Generosity and Mastery. Youth gain valuable life skills as they take on personal and social responsibility; learn the value of community service; develop decision making, problem solving, teamwork and communication skills; learn to make healthy lifestyle choices; set goals, plan, organize and resolve conflict; and become aware of personal safety issues.

4-H Curriculum supporting optimal youth development include: Citizenship & Civic Education; Communication and Expressive Arts; Consumer and Family sciences; Environmental Education and Earth sciences; Healthy Living Education; Personal Development & Leadership; Plants & Animals; and Science, Engineering & Technology.
4-H events and activities at the New York State Fair are an extension of educational programs conducted by 4-H youth development programs in counties throughout New York State within the mission mandate areas of STEM (Science, Technology, Engineering, and Applied Math), Healthy Living, and Civic Engagement. They are designed to complement and supplement County, District and other State activities. (For some events there are also related Regional and National Programs, which follow State Fair.)

4-H programs and activities at State Fair are under the supervision of 4-H Program Coordinators, campus specialists, and county Cornell Cooperative Extension 4-H Staff, with assistance from volunteer leaders and parents.

The only exception for these overnight rules is for parents or legal guardians to stay in area hotels or campers on the State Fairgrounds. Parents and legal guardians who choose this option must turn in the Housing Exception Form available from their local Cornell Cooperative Extension Office. This exception does not include lodging or staying in an animal barn. Parents or legal guardians will assume full responsibility for the action and well-being of each of their children for whom an exception is requested and approved.
All persons using the dormitory should receive an orientation to the NYS Fair Rules and Regulations prior to their arrival at State Fair. It is especially important that chaperones understand what is expected of them.

- Animals demonstrating clinical signs or other evidence of infectious, contagious or communicable diseases shall not be allowed on the fairgrounds during a fair.
- Representatives of the Commissioner may deny admission to or require removal from the fair premises, or require the segregation of any animal showing signs of or exposed to any infectious, contagious or communicable disease.
  NOTE: The fair board of directors has the authority to reject unworthy or unsightly exhibits for reasons other than infectious, contagious or communicable disease (Part 350.10). The state veterinarian or animal health inspector will bring questionable exhibits to the attention of the fair board.
- All animals presented that originate from a location other than New York shall meet all New York State importation regulations appropriate to the species in addition to the fair animal health requirements.
Certificates of Veterinary Inspection (CVI)
- Cattle, sheep, goats, swine, llamas, alpacas, deer, and misc. ruminants, require a valid CVI to enter the fairgrounds.
- The CVI must be issued by a Category 2 accredited veterinarian.
- All animals must be officially identified. **ALL MANMADE ID MUST BE RECORDED.** Refer to Animal Identification section below for more information.
- Only one species is allowed per certificate.
- The type and duration of certificate required depends on the origin of the livestock.

New York Origin Livestock:
- A valid intrastate CVI (AI-61) is required.
- Each animal must be individually identified on the CVI (see below).
- The CVI must be issued on or after May 1 of the current year.

Out of State Origin Livestock:
- All animals entering New York State must satisfy import health and test requirements for that species and be accompanied by a valid interstate CVI.
- The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season (July 1 through Labor Day) valid CVI’s can be used multiple times for entrance into fairs. The initial entrance into a fair must be within 30 days of the date of CVI inspection. In order for the CVI to be used for a later fair, it must be dated and initialed by a state official noting the location of the initial fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI.

Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division’s import/export homepage: [http://www.agriculture.ny.gov/AI/import_export.html](http://www.agriculture.ny.gov/AI/import_export.html)

Animal Identification
- **ALL MANMADE ID MUST BE RECORDED**
  - Cattle, sheep, goats, swine, and deer/elk must be identified by USDA approved official identification. Cattle, swine and deer/elk must be identified by official ear tag. Sheep and goats must be identified by official scrapie identification (see sheep and goat sections below).
  - Llamas and alpacas must be identified by official ear tag or microchip.
  - Misc. ruminants must be identified by unique eartag or microchip.
  - A complete written description is sufficient identification for horses entering New York accompanied by a CVI. The description must match the EIA test record. Horse sketches and descriptions should reference color pattern, hair whorls, chestnuts, scars and other markings as necessary to uniquely identify the horse. Tattoos and microchips if any should be included. “Bay, no markings” is not an acceptable description for a CVI or EIA test record.
  - **NOTE:** If you are exhibiting animals identified by microchip a working reader must be supplied by the exhibitor.
  - For questions on animal identification please contact your veterinarian or our office at 518-457-3502.

Rabies Vaccination
- Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair.
- Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian).
The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.

**NOTE:** Individual fairs can require animals for which there is no approved rabies vaccine to be vaccinated for rabies. The requirements outlined above would apply.

The fair is responsible for notifying exhibitors. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.

**Acceptable Proof of Rabies Vaccination**

- Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian.
- Acceptable proof of rabies vaccination must include the name of the product used, the date of administration and the duration of immunity if longer than one year.
- If the statement of rabies vaccination is included on an EIA test record, it must be signed separately in addition to the required EIA test record signature.
- **NOTE:** Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements.
- Acceptable proof of vaccination for dogs is a valid vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

**BVD-PI Testing**

- All cattle, llamas and alpacas exhibited at NY county fairs or the State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, the identification of the animal and recording the test date on the CVI. If a previous test is not verifiable the test must be repeated.

**Cleaning and Disinfection**

- All buildings on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between groups of animals when housing is rotated (Section 50.2 of Agriculture and Market regulations).

**Animal Deaths**

- Occasionally animal deaths occur at a fair. If a death occurs it must be reported to the state veterinarian in charge as soon as possible for review. The animal must be promptly removed from the public exhibit area to a secure location and held for the veterinarian prior to disposal.

**Kidding and Lambing**

- Due to the concern about the spread of scrapie, any sheep or goats that are exhibited at a county fair that have recently given birth or have a vaginal discharge, will be ordered removed along with their offspring.
- The causative agent for scrapie may be present in high concentration in fluids associated with birth and the risk of transmission is considered highest at that time.

**Commingling of Sheep and Cattle**

- Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is strongly recommended that cattle be kept separate from sheep.
**Commingling of Swine and Poultry**
- Due to the potential spread of influenza viruses it is recommended that swine and poultry be housed in separate locations.

**Isolation on Returning Home**
- The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals the owner should contact their veterinarian immediately.

**Individual Species Requirements**

**Horses**
- Certificate of Veterinary Inspection (CVI) is not required for New York origin horses. CVI is required for imported horses.
- Negative Equine Infectious Anemia (EIA) test is required for all horses 6 months of age or older. The horse must be accompanied by a valid negative EIA test record. The test must have been conducted during the current or previous calendar years for New York origin horses. For imported horses, the test must be conducted within 12 months of entry.
- The EIA test certificate must include a complete description of the horse.

Identification must be one of the following: 1) USDA approved tags or 2) a legible USDA approved flock tattoo and individual animal ID number or 3) electronic ID if the sheep is enrolled in the Scrapie Flock Certification Program. For information on scrapie ID, contact USDA at 518-858-1424.
- Rabies vaccination is required for all sheep 4 months of age or older (see above).
- The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the flock of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found.

Exhibitor Prefair Guidelines

Cattle, Sheep, Goats, Swine, Llamas and Alpacas, Cervids, Misc. Ruminants

- Review the animal health requirements booklet including information for your species **before** your veterinarian arrives to inspect your animals. If you have any questions **ask**.
- Your veterinarian is responsible for inspecting your animals and completing the certificate of veterinary inspection (CVI). Call **early** to avoid the last minute rush when mistakes are made and there is no time to correct.
- Make sure **official** eartags are present on cattle and swine and USDA approved scrapie ID is in place on sheep and goats.
- Llamas and alpacas require a microchip or eartag. If a microchip is utilized make sure the veterinarian confirms the microchip ID or places one.
- **ALL IDENTIFICATION MUST BE RECORDED. Make sure it is.**
- Review the CVI carefully upon receipt to make sure all the information is correct including any required test or vaccination information.
- **DO NOT** stuff it in an envelope and assume all is well. The time to correct is before pulling them out at the fair. The CVI is your document and you share responsibility if it is incorrect.
- If you are **importing** livestock from out of state make sure the interstate requirements are met and you have a valid **interstate certificate of veterinary inspection**.

Poultry

- Schedule pullorum flock inspection and testing well ahead of the fair if your flock is participating in the NPIP program.
- If you’re having your birds tested within 90 days of the fair you must go to a pullorum clinic. Available clinics are listed on the Dept. website. No individual testing is available if you miss a clinic.
- Birds qualified by 90 day test must be identified by official leg band.
- **Bring documentation with you to the fair in the form of a** 1) current NPIP certificate, 2) 90 day test chart or 3) purchase receipt with NPIP certification within 1 year of the date of admission to the fair.

Horses

- For NY origin horses negative EIA test chart must be dated this calendar year or the prior calendar year.

- Rabies vaccination must be within 1 year of arrival at the fair and be documented by a **signed** rabies certificate or a signed statement on the EIA test chart with the required information (see requirements).

**MOST IMPORTANT**
When you are loading your livestock for the trip to the fair take the time to examine them. Makes sure they are the same animals that are on the paperwork and if they are showing any signs of illness **LEAVE THEM HOME.**
INTERSTATE HEALTH REQUIREMENTS FOR FAIR ANIMALS

This document is a supplement to the Animal Health Requirements (AI-202) published for animals exhibited at New York State county fairs and the State Fair. Its purpose is to summarize the import requirements that must be met for livestock entering New York destined for fairs. Please carefully review the Animal Health Requirements. Note that individual county fairs may require rabies vaccination in species not required by the state. Contact the specific fair for their requirements. Fair contact information is available at www.nyfairs.org. Further assistance can be obtained by contacting the Division of Animal Industry (DAI) at 518-457-3502 or your State Veterinarian’s office. You can also go to the following link on our Dept. website: http://www.agriculture.ny.gov/AI/import_export.html

CERTIFICATE OF VETERINARY INSPECTION (CVI)

A CVI is required for cattle, horses, swine, sheep, goats, llamas/alpacas, deer/elk and misc. ruminants moving interstate. The one exception would be horses accompanied by a valid GoPass issued by a participating state. Details on the GoPass are available at www.globalvetlink.com and from your veterinarian. Note that interstate CVI’s must be issued by a Category 2 accredited veterinarian. The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season, from July 1 through Labor Day, interstate CVI’s can be used multiple times as long as the initial entrance to a fair in NY is within 30 days of CVI inspection and the CVI is initialed by a NY state official at the fair. All documentation must accompany the animals. Animals not meeting the interstate and/or fair requirements will not be allowed on the grounds. Individual ID is required on all animals. Animals with incomplete or illegible ID will be rejected. Where rabies vaccination is required, the information can be included on the health certificate.

For information on other states, you can contact DAI at 518-457-3971 or check the Dept. website at www.agriculture.ny.gov/AI/import_export.html. Vaccination for rabies is required for all cattle 4 months of age or older on date of admission to a fair. Vaccination must be within the past 12 months. Bovine respiratory disease complex vaccination is also required.

SHEEP

Sheep can enter with CVI only. No tests are required. All sheep must be identified by a USDA approved tag, a legible USDA approved flock tattoo with individual ID, or electronic ID if the sheep is enrolled in the Scrapie Flock Certification Program. The veterinary statement concerning the flock inspection is required. Rabies vaccination is required for all sheep 4 months of age and older on date of admission to a fair. Vaccination must be within the past 12 months unless a 3 year vaccination has been used.
GOATS
Goats can enter with CVI only. No tests are required. The veterinary statement concerning the flock inspection is required. All goats must be identified by a USDA approved tag, legible registration tattoo, a legible USDA approved herd tattoo with individual ID, or electronic ID if enrolled in the Scrapie Flock Certification Program.

SWINE
Swine can enter with CVI only. All swine must be identified by USDA approved official eartag.

LLAMAS / ALPACAS
New world camelids attending a New York county or state fair must be accompanied by a CVI with animals individually identified by microchip or official eartag. They must be test negative for BVD-PI with results noted on the CVI.

DEER/ELK (CERVIDAE)

POULTRY
Negative avian influenza and pullorum status is required for all poultry entering NY. Out of state poultry must be accompanied by the NPIP flock certificate if the flock is NPIP certified. Otherwise a CVI is required. Poultry, with the exception of doves, pigeons and waterfowl, must test negative for pullorum within 90 days of importation if not from an NPIP Pullorum-Typhoid Clean Flock. In addition all poultry must be
1) From a source flock in which 30 birds were tested negative for avian influenza within ten days prior to entry into New York State; Or

MISC. RUMINANTS
CVI, individual ID
GENERAL INFORMATION

A. **Premiums:** All premium money will be distributed to Department 51 exhibitors on the basis of the number of days their animal or animals are required to be on the fairgrounds. It is estimated that each exhibitor will receive approximately $7.00 per day, regardless of the number of animals of a species exhibited by that individual exhibitor or the distance of the exhibitor's home from Syracuse. Failure of individual exhibitor or county groups to maintain an appropriate exhibit as determined by the Superintendent of that species will result in one warning, with any further failure followed by a loss of premiums to that individual or county group. The number of days exhibited animals are required to be in place is:

- Dairy Cattle - Holsteins: 6 days
- Dairy Cattle - Colored Breeds: 6 days
- Beef Cattle: 4 days
- Dairy and Meat Goats: 6 days
- Sheep: 6 days
- Swine: 4 days
- Dogs, Rabbits & Cavies**: # of contest days
- Horses: # of contest days
- Poultry: 1 day or # of days required on display

# Horses exhibited, both those on quotas as well as those not considered within regional quotas, will receive premiums based on the number of days actually participating in classes.

** Youth Dog, Rabbit & Cavy Exhibitors participating in Youth Dog, Rabbit & Cavy Breed Show will receive a premium.

B. **Special Agriculture Education Exhibit**

A premium will be given to youth members who design and create an agriculturally related educational exhibit such as a poster or table display in one of the Livestock barns, Youth Building or Coliseum. The intent is to promote the Agriculture Industry and to educate the public. Individuals must register their exhibits with the Youth Superintendent by the arrival deadline time for that species and must have completed an exhibitor entry card signed by a 4-H educator.

C. **Housing**

1. All 4-H and other youth animals must remain in place until officially released. See information on making open class entries under rules for each show.
2. Dairy Cattle - To be housed in the Dairy Barn. All Youth Dairy Cattle must be clearly marked as Youth exhibits. All Youth Dairy Cattle must remain in place until the official release time.

3. Beef Cattle - To be housed in the Beef Barn as directed by the Superintendent.

4. Sheep - To be housed in the Sheep Barn.

5. Swine - To be housed in a section of the Swine Barn specifically designated for Youth swine. Strong pen dividers to be brought by exhibitors may be used to give more efficient use of the available space.

6. Goats - To be housed in the Open Goat Barn.

7. Horses - To be housed in Barns 58, 59, 60 and 61 by regions. Specific regional assignment to be made on basis of need and available space.

9. Rabbits - No official housing. Exhibitors participating in Saturday & Sunday events may house rabbits overnight in the Youth Arena. Rabbit cages, feed, etc. are to be supplied by exhibitors.

10. Poultry – will be housed in the Poultry Building.

D. **Feeds, Bedding and Supplies:**

Initial bedding (light layer of sawdust or straw) only will be supplied to each exhibitor other than those with horses, dogs or rabbits. All additional bedding, all hay and all grain or other feeds must be supplied by the exhibitor. It is strongly recommended that the materials be brought to the fairgrounds with the exhibited animals.

All forks, shovels, buckets for feed and water, hoses, wheel barrows, baskets and so forth must be brought by the exhibitors.

Feed for Poultry will be supplied by the New York State Fair. Animals will be fed and watered by the Poultry Department Staff.

E. **Youth Department Parking:**

See information on pages 10 and 11.

F. **Exhibitor Dormitory Facilities:**

All Dept 51 participants staying overnight on the New York State Fairgrounds are to sleep in the Youth Dormitories. No Dept 51 participants may sleep in the Youth Department animal exhibit areas.

Parents (or legal guardians) of Dept 51 participants may request exceptions to these rules through prescribed written application forms available from Cornell
Cooperative Extension offices and will thus assume full responsibility for the action and well-being of each of their children for whom an exception is requested. Questions are to be directed to Tom Davis, 4-H Program Coordinator.

Individual county rules will prevail where more restrictive.

G. Ownership

Under very limited conditions, 4-H'ers may designate and exhibit a "non-owned" project animal in State Fair Dept 51 classes. These exhibited animals must have met with all county requirements, be accompanied by appropriate health certification, and have appropriate ownership identification. Market Steers, Lambs and Hogs must be owned by the Exhibitor, “non-owned” project animals may not be entered in these classes at the New York State Fair.

H. Records

Accurate and complete record keeping is an important part of all 4-H Animal Science projects. All exhibitors should bring their complete up-to-date records to the fair to show the CCE, the Fair staff and the public their year’s work. In some sections this is an absolute requirement to show at the State Fair, but it is recommended for all.

I. Drug Testing

Any animal exhibited by a youth member may be subject to drug testing as deemed necessary by the Superintendent, Educational Coordinator, Animal Science Youth Extension Team Leader, or Department of Agriculture and Markets. In the event that a positive result is obtained, the youth will be barred from showing animals at the State Fair, forfeit all premium money and awards and will be referred to the State 4-H Office. In the event that the animal or animal’s products are sold at the Fair, the youth will be required to re-pay any money received and may be liable for any legal actions.

2. Dairy Youth Educational Contest

a. General Rules for Dairy Judging and Dairy Challenge

1) All contestants will be considered as "individuals" (they do not have to belong to a "team" to participate).

2) For these contests, a "team" is defined as a group of either three (3) or four (4) individuals whose contest scores will be considered as a "team score." Prior to the state contest, these team members may have worked together in a cooperative effort, but not necessarily. If there are 3 or 4 individuals from a county on the same level, they must compete as a team also.

3) Each county can have a maximum of 8 contestants for each level; novice, junior and senior, for 4-H Day 1 of Dairy Judging and Dairy Challenge Contest.

4) The members of a particular "team" should all be from the same county unless there is a multi-county program agreement. If a county does not have enough team members to fill 2 full teams (up to 8 participants per level), counties in the same 4-H Dairy Educational District may combine contestants to make a full team or additional team as long as the maximum number of participants has not exceeded 8 for each level.

5) If a county has more than four individuals, and there is not an opportunity to add members from another county within the 4-H Dairy Educational District to form a team, those youth may participate in the contest as individual participants. Members of the team and those competing as individuals must be identified at registration. Individual participants are not eligible for team awards, but will compete for individual placings.

6) Open to all Dairy Cattle 4-Her’s. Entry will be in Novice, Junior or Senior levels or divisions. Novice division includes youth age 10 and under as of January 1 (or any youth under 13 years old at the time of the contest who have not previously competed in the specific contest at the State Fair.) Junior team members must be at least 9 and less than 14 years old as of January 1 of the current year. Senior members must be at least 14 years old as of January 1 of the current year and not reached their 19th birthday prior to January 1 of the current year.

7) Individual county rules may vary from State Contest rules; please carefully read the state rules in this book.

8) Contestants are expected to provide their own pencils/pens when needed for a contest.

9) The use of cell phones by contestants will not be permitted during any of the dairy youth educational contests.

b. Contests

1) 4-H Dairy Challenge.

Counties can enter individuals when a full team cannot be entered if the combining of county participants rule cannot apply (See Dairy Educational Contest Rules). There will be a pre-registration form emailed to counties for sign-up and registration for the contest will also be held at State Fair prior to the start of the contest in the dairy cattle showing.

bb) If a youth participates at the State Fair Contest and goes on to Harrisburg for the Dairy Management contest and places as high individual at the contest in a prior year, regardless of state or county representation, that youth is ineligible to compete at our State Dairy Challenge contest held at the State Fair in subsequent years or the Dairy Management Contest.

There will be a pre-registration form emailed to counties for sign-up and registration for the contest will also be held at State Fair prior to the start of the contest in the dairy cattle showing. Competitors in the FFA Judging Contest are eligible for membership on a county team.

4) Each county may enter up to eight (8) individuals in each division and counties with at least 3 or 4 individuals participating at the same level must also compete as a team. Counties can enter individuals where a full team cannot be entered if the combining of county participants rule cannot apply (See Dairy Cattle Educational Contest Rules).

a) All individuals that are registered to the specific event (dairy judging or dairy challenge) will be eligible for individual awards and placings.

This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. If a previous test is not verifiable the test must be repeated.

2. There is also a new Costume Class being offered, each rotation.
3. The project record requirement is no longer in effect for breeding cattle. Records must still be completed on any cattle being shown in Classes 15 – 23. Steer records can be obtained from the following website: http://4h.anisci.cornell.edu/animal-programs/beef/

5. All Youth Beef entries must be quality endorsed by a 4-H Cornell Cooperative Extension Youth Educator, FFA Advisor or authorized representative of a qualified breed organization (New York resident) before the NYS Fair will accept them. Animals are not required to show at a county or regional fair to qualify for NYS entry. Endorsement by an above-mentioned youth representative is necessary, however, for entries to be made.

Entry forms can be obtained from Cornell Cooperative Extension Youth Educators, FFA Advisors, and the Youth Beef Superintendent. Entries may be mailed directly to the Fair as soon as they bear the endorsement of a youth representative. In no case will an entry be accepted after August 15, 2016. No phone entries will be accepted. All entries should carry First Class postage, allowing at least 7 days for delivery.

Address your completed entry forms to Entry Department, NYS Fair, 581 State Fair Boulevard, Syracuse, NY 13209. A copy also is required to be mailed to the youth superintendent by the entry deadline.

All animals must be owned individually. Joint, syndicate, family, or farm ownership is not considered individual ownership. This means that the name on the animal’s registration must be the youth showing the animal.

Any animal exhibited by a youth member may be subject to drug testing as deemed necessary by the Superintendent. In the event that a positive result is obtained, the youth will be barred from showing animals at the State Fair, forfeit all premium money and prizes, and will be referred to their Youth Organization representative.

7. Exhibitors with registered breeding cattle: All animals must have original registration papers accompanying them. No copies will be accepted. Registration must be solely in the name of the exhibitor or be accompanied by an accepted lease agreement dated and signed by a Cooperative Extension Youth Educator. If an exhibitor leases an animal, only one animal per exhibitor can be leased and the verification paper work needs to be completed by a 4-H, FFA or Junior Association representative. A leased cow/calf pair is considered to be one animal. No animals in Classes 15 – 23 may be leased.

8. Requests for late arrivals or early departures MUST be made in writing to the superintendent by closing date for entries to the Fair. Requests will only be accepted if exhibitor is coming from or going to another show. NO telephone requests or last minute arrangements will be accepted.
9. Each exhibitor may show any number of animals owned solely by him or her (as indicated on registration certificates), with no more than two (2) entries in any one class.

Additionally, all youth must show their own animals unless they have more than one animal in the same class, in which event only another youth exhibitor may assist them.

All Youth Exhibitors are required to show in showmanship classes. Indicate class on entry form when entering projects.

THE PUREBRED DAIRY CATTLE ASSOCIATION
SHOW RING CODE OF ETHICS

- Grooming and Preparation
- Violations: False, Deceptive or Unacceptable Practices
- Exhibitor Responsibility
- Show Ethics Committee
- Violations: Reporting and Investigation

The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring.

PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges and the national breed associations.

The application of this Code of Ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall at all times deport themselves with honesty and good sportsmanship.

It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, disease or illegal or non-approved use of drugs, medication and/or prohibited substances or residue.
The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

Grooming and Preparation

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA Unified Score Card (1994), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge’s evaluation in order to display the animal’s natural contour, conformation, performance and mobility. Specifically:

1. External applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
2. The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1”. Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
   EXCEPTION: In order to keep uniformity between New York State shows, we will allow a 1 ½” topline. However, when the animal comes to the show ring, if this limit is exceeded, the animal WILL NOT show.
3. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal’s body is prohibited.
4. Externally sealing the teat end with a preparation that does not harm the animal’s skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

Violations: False, Deceptive or Unacceptable Practices

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally:
   a. with an irritant or counter-irritant,
   b. using a device to artificially create or enhance the udder crease,
   c. using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.
   d. plugging of teat canal with foreign substances.
3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal’s body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

Exhibitor Responsibility:

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as “Exhibitor”) for show management to obtain any specimens of urine, saliva, blood, milk or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of the animal.
The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the “Exhibitor”) to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.

**Show Ethics Committee**

Each show should have an Ethics Committee. The make-up of this committee should include official breed representatives, representative(s) of show management (e.g., dairy cattle show superintendent, General Manager), the official show veterinarian and Extension representative.

The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.

**Violations: Reporting and Investigation**

Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management and/or the Ethics Committee.

**Before an Animal is Shown**

If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management.

Show management will discuss the violation with the Exhibitor:

1. If, at the Exhibitor’s discretion, the animal in question is not shown, no violation will have occurred.
2. If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.

**During and After an Animal is Shown**

All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milkout may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee or show management.

If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations.

Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:

- Forfeiture or return of awards, prizes, premiums or proceeds;
- Written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the “Exhibitor”);
Disqualification of the exhibition livestock from an exhibition;
Disqualification of the Exhibitor from the show;
Publication of offense.

Disqualification may include any or all shows and classes and may be for any number of years.

A. RULES AND REGULATIONS

***ATTENTION***

A photocopy of each animal’s health papers does not have to accompany the entry form to State Fair, however, the animal’s rabies certificate MUST accompany the entry form sent to the Superintendent. It is also IMPERATIVE that you bring the original health papers with you for inspection upon arrival on the Fairgrounds.

1. All New York State Fair Dept. 51 4-H Dog Show entries must be 4-H members and endorsed by a Cornell Cooperative Extension Educator before they can be accepted by the NYS Fair.

It is the responsibility of each educator, volunteer, parent and exhibitor to ensure that each dog is trained exclusively by the 4-H’er exhibiting that dog.
Any dog (family owned or not) who has had training by another person can’t compete at that level of training with a 4-H exhibitor. The dog should be trained and shown by the 4-H’er at the next highest level of training. (Remember in 4-H rules – moving from A to B is not moving up a level except in G & H). It is the responsibility of the 4-H instructor/educator in any county to verify that the dogs entered into State Fair competition have been trained at the level being shown by the 4-H exhibitor.

4-H’ers may send their entries directly to the Fair as soon as the entry bears the endorsement of a Cornell Cooperative Extension Educator or party designated by Cooperative Extension to endorse its entries.

In no case will an entry be accepted after 4:30 p.m. on Monday, August 1.
Absolutely no phone in entries will be accepted. All entries should carry First Class Postage. Allow at least 7 days for delivery. Address your completed, educator-endorsed entries to: Entry Department, NYS Fair, 581 State Fair Boulevard, Syracuse, NY 13209. A copy is also required to be mailed to the youth superintendent by the entry deadline.

No substitutions or class changes are allowed after the entry deadline (Youth or Dogs.) Premiums are not paid in Brace, 4-Person Team or Drill Team. Only two brace and two 4-Person Teams allowed per county. Absolutely no post entries will be accepted for any classes.

2. In situations where Cornell Cooperative Extension entries cannot be finalized until after the State Fair entry deadline, ALL potential entries should be entered by the deadline and the State Fair Entry Dept. and the Dog Show Superintendent should be notified of scratches prior to the start of the fair.

3. All 4-H dogs must conform to the rules and regulations of the Livestock Health requirements as determined by the Department of Agriculture and Markets printed at the beginning of the catalog.

4. All exhibitors MUST bring their dog’s rabies certificate with them to State Fair. In addition, you MUST send a copy for each dog entered to the Superintendent. Any entry form that does not have a valid rabies certificate attached will be considered void. It is recommended that you have your dogs immunized (as appropriate to their age) against distemper, hepatitis, leptospirosis and parvovirus yearly. Bordetella and parainfluenza virus vaccines are also recommended annually for show dogs. Exhibitors should consult their veterinarian for further information about these vaccines as well as internal and external parasite control programs.

5. Each county participating is expected to provide help for stewarding. A steward is expected to finish an entire class.

6. All 4-H dogs will be exhibited in the Coliseum and warm up ring on Saturday, August 20.
   a. AT NO TIME MAY A DOG BE LEFT UNATTENDED.
   b. EXHIBITORS ARE RESPONSIBLE FOR THEIR OWN DOGS AND MUST IMMEDIATELY CLEAN UP AFTER THEIR DOGS. FAILURE TO OBSERVE THESE REGULATIONS WILL RESULT IN IMMEDIATE DISCIPLINARY ACTION.
   c. Youth are not to walk their dogs anywhere on the fairgrounds, other than necessary transit to and from the Dog Shows or to and from the Youth Building Dog Science Cynology booth.
d. Exhibitors are encouraged to bring county banners to display near their sitting area.

e. All exhibitors must be accompanied by a responsible adult.

f. Crating area is located at top of the Coliseum.

10. All dogs in the obedience ring **MUST** wear a properly fitted collar approved by the judge/superintendent. No special training collars such as electronic collars, prong collars or gentle leaders. Martingales are an acceptable collar. Nothing may be hanging from the dog’s collar.

11. Dress Code: See our website at http://4h.anisci.cornell.edu/animal-programs/dogs/

12. Each exhibitor will receive one day premium for each day he or she exhibits a dog, even if showing more than one dog in more than one class.

13. Restrictions on numbers of entries per county are noted with each of the class descriptions.

14. The performance of the 4H’ers and their dogs will be scored according to standard score sheets. In general, American Kennel Club (AKC) rules will be used for obedience and rally class evaluations. However, mixed parentage dogs are welcome.

GROOMING AND HANDLING CLASSES

To be held on Saturday, August 20 in Coliseum

Class No. 17 (3 entries per county)

Grooming and Handling A Junior – For 4H’ers 8 to 13 years of age who are competing for the first time in Grooming and Handling at State Fair, unless the Handler has qualified for the Open Class of Junior Showmanship at an AKC Show. Handlers who receive a red or white ribbon rating at State Fair may compete at this level the second year.

Class No. 18 (3 entries per county)

Grooming and Handling A Senior – For 4H’ers 14 to 18 years of age who are competing for the first time in Grooming and Handling at State Fair, unless the Handler has qualified for the Open Class of Junior Showmanship at an AKC Show. Handlers who receive a red or white ribbon rating at State Fair may compete at this level the second year.

Class No. 19 (3 entries per county)

Grooming and Handling B Junior – For 4H’ers 9 to 13 years of age as of Jan. 1 and have previously completed in Grooming and Handling at the State Fair.

Class No. 20 (3 entries per county)

Grooming & Handling B – Senior – For 4H’ers 14 to 18 years of age as of Jan. 1 and have previously competed in Grooming & Handling at the State Fair.

Class No 21 – Senior (3 entries per county)

Grooming and Handling C – For 4-H’ers who have previously been a Grooming and Handling B Champion and/or have qualified for the Open Class of Junior Showmanship at an AKC show (or the equivalent), even if it is their first year.

General Guidelines for Grooming and Handling Classes:

- One entry per handler in Grooming and Handling. 4H’er can NOT enter multiple Grooming & Handling Classes. Handler would be competing against themselves.

- The Appearance of the Animal (Grooming) will account for 45 points and the Showing (Handling) of the Animal will account for 45 points. Knowledge of handler (appropriate to
class level) will account for 10 points. Maximum possible score will be 100 points. **Ties are broken based upon handling skills and knowledge of handler.**

- If a dog defecates or eliminates in the ring during Grooming and Handling, they will lose 15 points **per occurrence.**

- If a 4H’er is also entered in one or more obedience classes, he/she should notify one of the stewards in the obedience class(es) that he/she is also entered in Grooming and Handling and note which ring. Where possible, 4H’ers should participate in their Grooming and Handling class as scheduled. The individual exercises of the obedience classes require only one 4H’er and his/her dog at a time so it is easier to pick up an obedience class later than it is to group 8 or more handlers together for a Grooming and Handling class. **Discriminating** use of bait (food, toy, etc.) will be allowed in Grooming and Handling classes but is not mandatory. Inappropriate baiting will be severely penalized.

- Dogs must be shown by the 4-H member who did the grooming. The same dog may not be shown twice.

- Gaiting Patterns.
  Dogs should be moved at a trot. How smoothly a pattern is performed is more important than the actual mechanics of it (i.e., which hand switched where). 4H’ers should strive to keep their dogs between themselves and the judge where possible.

4H’ers in all divisions (A,B,C) will be expected to be able to gait their dog in a circle, a triangle and in a straight line. The straight line may be on a diagonal of the ring or parallel to a side of the ring (e.g., judge may ask handler to gait their dog “straight up and back”).

4H’ers in Grooming and Handling divisions B and C will additionally be expected to be able to gait their dogs in an L pattern and also in a straight line paired with another 4H’er and his/her dog.

In any division (A,B,C), the judge will ask the 4H’ers questions about their dogs. In the A division, basic questions such as “How old is your dog?”, “What breed/breeds is your dog?”, etc. may be asked to familiarize the 4H’er with being asked a question and responding. In the B division, more difficult questions may be asked (e.g., parts of the dog, breed specific questions, etc.).

Entries may not be submitted for nor will they be accepted from exhibitors who, during their participation in the previous year’s State event, received an official reprimand for rule violation from the Extension Horse Specialist, 4-H Horse Program Superintendent, Chair of the Division, the Show Committee or the 4-H Cornell Cooperative Extension Agent of their county of membership.

D. PROCEDURES

1. Please refer to the “NYS 4-H Horse Show Rules” for the most complete details of each specific event.

2. Unless there is an official veterinarian available, the judge has the authority to dismiss from any class or the show any horse judged to be unsound or is apparently carrying a disease or other condition which would preclude appropriate or safe performance.

3. The judge, ring master, division chairs or 4-H Horse Program Superintendent or Extension Horse Specialist may dismiss from any class, the show, or the grounds any exhibitor who is cruel and abusive of a horse, fails to follow or obey instruction, cannot maintain control of an unruly or inadequately trained equine or fails to cooperate with show management or other exhibitors. A kicking horse shall be considered to be unmanageable.

4. The decisions of the judges are final and represent a non-protestable expression of individual preference, unless a decision is alleged to be in violation of rules.

5a. A judge, technical delegate or division chair shall have the authority to inspect all tack and equipment and to require the removal, replacement or alteration of any piece of equipment deemed by the judge, technical delegate or division chair to be unsafe, inappropriate for a 4-H show or which would give the equine or the exhibitor an unfair advantage.

5b. Broken tack in a class will be a disqualification from class.

6. Classes which are larger than the ring can safely accommodate may be split.

7. Exhibitor numbers will not be given if the helmet is not officially approved. It is the responsibility of the exhibitor to provide proof of approval.

8. No patterns or courses will be used that will jeopardize the safety of the equine or the exhibitor. All patterns and courses for classes other than those contained in the rule book are to be posted at a reasonable time prior to the start of that class and there is to be no variation from the posted pattern or course.
9. Delay of classes
   a) In classes where horses compete collectively, a warning is issued and the in
gate is closed, or at the end of the one-minute call.
   b) In classes where equines compete individually, an order of go will be
established and one minute allowed for the exhibitor to enter the ring. If jump
order is used, it must be posted 30 minutes prior to the start of the class.
   c) If a class in which horses compete together is in progress and must be stopped
due to a storm, accident or other emergency, it is recommended that the class
will be held over in its entirety and no consideration will be given to the
performance during the original session.

10. Classes in which there are fewer than 4 exhibitors may be combined with other
classes as deemed appropriate by the show officials. Classes may be sectioned by
age of rider, size of equine, size of class, etc.

11. Each event (educational or horse show) will be under the direct supervision of the
NYS HEC Chairperson who will also be responsible for recruiting all or part of the
ten leaders and volunteers who will assist with the event. The physical facilities,
equipment, teen assistants, supplies, general operations, horse show office, stable
management and ring condition are the responsibility of the 4-H Horse Program
Superintendent. Each horse show division will be under the direction of the
division chair person. A technical delegate for each show division will also be
identified to assist exhibitors and to help ensure adherence to established procedures
and rules. A committee of three persons will be established prior to each horse
show division or educational event. This committee will make all necessary
decisions if the need arises.

Horse Show Committee will consist of:
1. Division Chair
2. Technical Delegate
3. 4-H Horse Program Superintendent

Educational Event Committee will consist of:
1. Event Chair
2. A CCE Staff person
3. A volunteer, coach or parent

The State Extension Horse Specialist will be available to help with decisions if
needed or when on the grounds. If the specialist is not needed or available, the
three member committee has the authority to make decisions concerning their
event.

Adult volunteers are welcomed in a variety of tasks. Each region must also
designate one or more Regional Exhibit Coordinators who will be responsible for
the stable area, designating stalls to be used, and serving as a source of information
throughout the time the region has exhibitors on the grounds.
E. SUPERVISION AND CONDUCT

1a. Protests must be made by an exhibitor or group captain, not by parents, coaches or any outside party. Protests must be confined to the exhibitor or group’s own performance or placing, and in no case may a protest be made of another exhibitor’s or group’s score, placing or performance. (See Rule Books for more specifics).

1b. Protests are to be lodged with the Technical Delegate or the Division Chair prior to the beginning of the next event or class. The Technical Delegate and/or Division Chair will then determine the necessity of approaching the judge through the ring master and/or the chair.

2. No parent, coach, visitor or exhibitor may approach, question, or direct public comment to or about the judge. Violations will be handled on an individual basis by the technical delegate, division chair, superintendent, show or event committee and, in extreme or flagrant cases, the NYS 4-H Horse Education Committee and/or the Extension Horse Specialist.

3. Conduct unbecoming to a parent, supervisor, or exhibitor will be subject to immediate disciplinary action. Coaching from ringside during class shall be considered unbecoming conduct.

4a. No exhibitor or other youth will be permitted to sleep in the barns.

4b. All barns close at 10:00 p.m.

5a. When mounted, 4-H exhibitors must have their show number visibly displayed at all times when on the New York State 4-H horse show grounds.

5b. No bareback riding on the New York State 4-H horse show grounds.

5c. There shall be no riding or other using of equines within the rings or pole barn area after the rings are officially closed. Rings close at 9:00 p.m.

6. No smoking, cooking or use of any heat generating device may take place in the barns or immediately adjacent to the barns.

7. No one other than exhibitors may ride, school or train on an equine entered in the show while on the 4-H show grounds. If a youth is having a problem with an equine, please talk with the Horse Show Superintendent or Division Chairperson – justified exceptions can be made. Safety of youth and equines is of primary concern.

F. AWARDS AND PREMIUMS

1. Consecutively numbered and appropriately colored rosettes will be awarded to no more than 10 entries in each class.

2. Each exhibitor of an equine will be awarded a “day premium” for each of the total number of days during which classes in the division or divisions in which they are entered are actually compete.
3. Each exhibitor of an equine used in the horse judging contest or the Hippology Contest will receive a premium for $4 for the use of the horse in each class in which it is used and a $5 premium in each class in which the exhibitor leads or rides the horse.

A. RULES AND REGULATIONS

1. All New York State Dept 51 entries must be quality endorsed by a 4-H Cornell Cooperative Extension Educator or by an Agricultural Education (FFA) Advisor or by an authorized representative of a qualified related youth organization before they can be accepted by the NYS Fair.

4-H’ers may send their entries directly to the Fair as soon as the entry bears the endorsement of a county Cornell Cooperative Extension Educator or other party designated by Cornell Cooperative Extension to endorse its entries.

In no case will an entry be accepted after 4:30 p.m., August 15, 2016. No phoned in entries will be accepted. All entries should carry First Class postage. Allow at least 7 days for delivery. Address your completed, educator-endorsed entries to: Entry Department, NYS Fair, 581 State Fair Blvd., Syracuse, NY 13209. A copy is also required to be mailed to the youth superintendent by the entry deadline. Refer to the
“Exhibitor’s letter” for more details found on Cornell University Animal Science website: http://4h.ansci.cornell.edu/animal-programs/rabbits/

2. There is NO limit on the NUMBER of animals that can be exhibited. However, each exhibitor is allowed to enter ONLY 1 animal in each CLASS in each BREED – rabbits and cavies.

3. In situations where Cornell Cooperative Extension entries cannot be finalized until after the State Fair entry deadline, ALL potential entries should be entered by the deadline and the State Fair Entry Dept. should be notified of scratches prior to the start of the Fair.

4. All Youth Rabbits and Cavies must conform to the rules and regulations of the Livestock Health Requirements as determined by the Department of Agriculture and Markets printed at the beginning of the catalog. All Youth Rabbits and Cavies must go through a compulsory health check at registration before they will be allowed to show.
   a) Each animal only needs to be health checked once, upon arrival (unless the animal travels home and back for each day).
   b) All rabbits and cavies must be health checked. 4-H standards of health may be stricter than American Rabbit Breeders Association (ARBA) requirements.
   c) Under adult supervision, youth may be health checking animals. These youth will be experienced rabbit raisers and have had prior training.
   d) Animals not passing the health check will need to be housed in a specially designated area until it is possible to bring them home.
   e) Health Checkers will be available according to the following SCHEDULE (please schedule your arrival accordingly):

     | Day          | Time       |
     |--------------|------------|
     | Friday, Sept. 2 | 7:00-9:00 p.m. |
     | Saturday, Sept. 3 | 8:00-9:45 a.m. |

   Animals arriving on Friday (Sept. 2) or Saturday night (Sept. 3) need to be placed in a specially designated area (NOT the same as the area housing animals that have passed the health check) until they can be health checked.

5. Rabbits and cavies must be brought to the fair in a suitable carrying case/cage. Each exhibitor must assume complete responsibility for his or her animal(s) while at the show. The State Fair or designated superintendent assumes no responsibility for animals brought to the show or exhibited.

6. Total State Fair Youth Rabbit and Cavy Events last two days. Exhibitors who wish to participate in events on both Saturday and Sunday may wish to house their rabbits and/or cavies overnight (Friday and Saturday night). Space is available in the Youth Arena and, with permission from the superintendent, rabbits and cavies may be housed there overnight. Animal cages, feed, etc. are to be supplied by the exhibitors.

7. All Youth Rabbit and Cavy Events will be held in the Youth Arena. (This is not the Poultry Building where the Open Show Rabbits are housed.)

8. Only exhibitors will be allowed in the show arena during any event. Youth are expected to bring their own rabbits and cavies to the table for any contest/breed class. If they are already at one table during the breed show when a second animal of theirs is needed at another table, another youth should be asked to bring the second animal to the appropriate table.

9. Show coats are not required. Expected attire will include either a long sleeve show coat of any color OR a long sleeve collared white button shirt.
10. Breed Show.
   a) Rabbits and Cavies will be judged on the Danish System in each class, but American Rabbit Breeders Association (ARBA) standards will be followed. 
   b) The Best of Breed and Reserve Best of Breed will be selected from the class winners. The owners of the Best of Breed winners are expected to bring their animal back to the show table at the completion of the judging for the selection of Best Reserve in Show and Best in Show. 
   c) Cavy exhibitors will be awarded ribbons on the Danish System (Blue, Red, White). 
   d) All exhibitors must register on the day of the show at the Youth Arena. 
   Tattoos in the left ear will be required.  
   e) The rabbit/cavy show will begin at 10 a.m. There will be NO “break” during the show. Breeds will be judged beginning with the most populous breed exhibited. 
   f) Rabbits housed and shown in Open classes may be shown in Youth classes, but must comply with entry and registration procedures as stated above, and with Open Class rules.

Youth may send their entries directly to the Fair as soon as the entry bears the endorsement of a county Cornell Cooperative Extension Youth Educator or other party designated by Cornell Cooperative Extension to endorse its entries. Youth are encouraged to submit their animal entries within ten days after the member’s County Fair closes. In no case will an entry be accepted after 4:30 p.m., August 15, 2015. No phoned in entries will be accepted. All entries should carry First Class postage. Allow at least 7 days for delivery. Address your completed, educator-endorsed entries to: Entry Department, NYS Fair, 581 State Fair Blvd., Syracuse, NY 13209. **A copy is also required to be mailed to the youth superintendent by the entry deadline.**

2. All Youth Swine must conform to the rules and regulations of the Animal Health Regulations of the Department of Agriculture and Markets.

3. All swine over 3 months of age must be “off label” vaccinated for rabies. See page 11.

4. All Youth Swine must be housed in the Open Class Swine barn in the area specifically designed for Youth, and will be shown in the Open Class Swine barn show ring.

The exhibitor must show in the appropriate fitting and showmanship class (32, 33, 34 or 35). For showmanship, youth must use a market hog, not a breeding animal unless the exhibitor has only breeding animals at the Fair. 12. Exhibitors are responsible for helping to weigh their hogs at 10:30 a.m., Sunday, August 28. Exhibitors unable to help weigh their hogs must make arrangements with someone else to help during the weighing of their hogs. No hogs will be weighed unless the exhibitor or an appointed replacement contacts the supervisor during these times. Any hogs not weighed cannot be shown in the market classes. Hogs will be weighed only once.

13. All swine exhibitors must show their own animals.
   a. If an exhibitor has two entries in a class, the second entry must be shown by another youth who is also exhibiting in the 4-H Swine Show.
   b. In emergency situations, exceptions can be made. Reasons for exceptions and arrangements must be cleared with the Youth Swine Show Superintendent.
   c. Included with showing hogs comes the responsibility for keeping pens and alleys clean. Exhibitors will receive only one warning from the show supervisor or appointed assistant concerning the appearance of their pens and alleys. If the problem persists, exhibitors will lose the right to show their animals and their premiums will be withheld.
