

CORNELL HARD CIDER RESOURCES

February 2017

Hard Cider Resources

The United States is home to a rapidly growing number of cideries and New York is no exception! There are many resources available to assist you in your hard cider venture, from cider associations and regional extension associations to budget analyses and orchard management resources.

Cornell Hard Cider Website

Visit the **Cornell Hard Cider Website** for links to hard cider resources, research, and publications on topics from orchard production, cider production to marketing and economics

<http://hardcider.cals.cornell.edu/>

The site is hosted by the College of Agriculture and Life Sciences in conjunction with Cornell Cooperative Extension's Hard Cider Program Work Team (PWT). The purpose of the website is to support a discussion about hard cider research and production. While much of the information presented within these pages is centered around the work being conducted at Cornell, we hope this site aids in the global exchange of knowledge among the entire hard cider community and the public.

Website resources include:

- General Information on Hard Cider
- Orchard Production
- Cider Production
- Marketing and Economics
- Hard Cider Research
- NYS Regulations

Cornell Hard Cider PWT

The Hard Cider Program Work Team (PWT) is a multi-disciplinary group of Cornell researchers, instructors, and extension educators and industry stakeholders. For questions or comments about the Hard Cider PWT, please contact Greg Peck.

Cornell Cooperative Extension

Many of the CCE County Associations and Regional Teams offer support for cider production.

- Cornell's Tree Fruit Website— offers a plethora of information for best practices of growing apples including: production manuals, fact sheets, organic guides, and economic data.
- Statewide Fruit Extension
- Lake Ontario Fruit Team
- Eastern NY Commercial Horticulture Program
- South Central Fruit and Vegetable Program
- Suffolk County CCE Fruit Programs Long Island Horticultural Research and Extension Center
- New York State Wine Analytical Laboratory

For more information on regional CCE programs:
<https://nysipm.cornell.edu/agriculture/fruits/cce-programs>

Cider & Apple Associations

To help foster a larger sense of community among producers some cider associations have been established; visit their webpages to learn more about the many services and membership benefits they offer as a state or national cider association.

- NY Apple Association:
<http://www.nyapplecountry.com/>
- NY Cider Association:
<http://www.nyciderassociation.com/>
- US Apple:
<http://usapple.org/>
- US Association of Cider Makers:
<http://www.ciderassociation.org/>

Other Universities

Cornell often collaborates with other universities to develop a strong research support network for apple growers and cider producers alike. Explore what some of our partner institutes have for hard cider resources.

- Washington State University
- University of Vermont
- Pennsylvania State University
- Michigan State University

Building Strong and Vibrant New York Communities

Diversity and Inclusion are a part of Cornell University's heritage. We are a recognized employer and educator valuing AA/EEO, Protected Veterans, and Individuals with Disabilities
