Note: Total Debt and Equity Holdings were obtained from U.S. Treasury website (<http://www.treas.gov/tic>). These were presented in Table 10.1 in Chapter 10. I compute the fraction of total positive and negative net flows across the 26 countries for the months from January to November 2013 for a given country and subtract its fraction of total foreign debt and equity holdings as of the end of 2012.
