2012 Changes to the National Flood Insurance Program (NFIP) and an Overview of the Benefits of the Community Rating System (CRS)

Bill Nechamen, of the NYS Department of Environmental Conservation Floodplain Management Section will:

- Provide an overview of the changes to the NFIP.
- Showcase the impacts these changes have on community participation and landowners.
- Discuss the benefits of the NFIP’s Community Rating System (CRS) (which works to reduce flood insurance premiums for enrolled communities whose efforts go beyond the minimum standards set by the NFIP).
- The evening will also feature a presentation on the findings and recommendations of the Kingston Waterfront Flooding Task Force.

Learn how this new legislation will affect you, your home, your business, and your community…

Ulster County

When: December 4, 2013
6:30—8:30pm
