WELCOME TO THE I3P MONTHLY
The Institute for Information Infrastructure Protection (I3P) is a consortium of 26 leading universities, national laboratories, and nonprofit institutions dedicated to strengthening the cyber infrastructure of the United States.

The I3P Monthly highlights the impact of I3P experts on research, policy, and practice. For more information on the I3P, see our website - thei3p.org.

CONSORTIUM NEWS

ACM Joint Task Force on Cybersecurity Education
The Joint Task Force will provide an update on the process to develop the first set of global cybersecurity curricular guidelines during two 30-minute conference calls on December 5th - 9AM ET, 12PM ET. Meeting links below.

For additional information and session recordings, please see: csec2017.org

ACM CSEC Curriculum - Industry Briefing (Session 1)
Monday, December 5, 2016
9:00 am | Eastern Standard Time (New York, GMT-05:00) | 1 hr
Meeting number (access code): 731 688 571
Meeting password: csec2017

IFIP WG 11.10 2017 - Call for Papers (due January 10, 2017):
Eleventh Annual IFIP WG 11.10 International Conference on Critical Infrastructure Protection (March 13-15, 2017). CFP is available here. For more information contact Dr. Sujeet Shenoi (sujeet@utulsa.edu)

I3P Webinar: The Role of Behavioral Theory in Cybersecurity
presented by David Balenson (SRI International) provided insight on behavior based policy tools in cybersecurity. The talk examined the role cognitive biases can play in decision making by individuals and organizations. LISTEN HERE and register (below) for the next I3P webinar on The Power and Politics of Cybersecurity Budgets.

I3P MEMBER HIGHLIGHTS

**Sameer Patil** (Indiana University) was featured in Inside IU Bloomington (Indiana University Bloomington Campus Paper). Read the article: "IU informatics researcher earns three federal patents to strengthen user control in the 'app economy'."

![Photo Courtesy of Sameer Patil.](image)

**Rhea Siers** (Center or Cyber and Homeland Security/George Washington University) was featured in The Cipher Brief. Read the article: "Don't Give Up on Serving the Nation."

![Photo courtesy of Rhea Siers.](image)

**Michael Mylrea** (Pacific Northwest National Laboratory and The George Washington University's Executive Cyber Corps Doctoral Student) adapted a paper, which was accepted in the Journal of World Energy Law and Business, Oxford University Press. The paper is titled: "Smart Energy-Internet-of-Things Opportunities
Require Smart Treatment of Legal Privacy and Cybersecurity Challenges. Michael led inter-agency cybersecurity training with over 30 people from USG (DOD, NASA, etc...) and launched a new tool for OT assessments [https://bc2m2.pnnl.gov/]

UPCOMING EVENTS

The I3P Webinar Series -- "The Power and Politics of Cybersecurity Budgets"
Friday, December 16, 2016 12PM ET | Contact: magobet@gwu.edu to Register Today!

These complimentary 30 minute webinars, held at noon ET on the 3rd Friday of each month, allow our colleagues a relaxed forum through which to share insight into their work and expertise.

Upcoming speakers (2017)*:

- February 17: Massimiliano Albanese (George Mason University)
- March 17: Sean Smith (Dartmouth College)
- April 21: Sameer Patil (Indiana University)

*January 20: No webinar - US Presidential Inauguration

More information on the I3P is available here. Contact us at thei3p@gwu.edu to discuss opportunities to engage with I3P subject matter experts.
