WOW TALK SERIES presents

Microfluidics and Biosensors for Personalized Medicine
Zhenyu Li, Biomedical Engineering

The End of the Story Matters: Implementing supportive (palliative) care for people with kidney disease
Dale Lupu, School of Nursing

Aerosols moving, where we work
Mark Reeves, Physics

Wed, March 3, 2021 - 4:00 pm via Zoom

All are invited to the WoW TALK (What's our Work) Seminar Series. These short talks (15 minutes each) are designed to introduce faculty and students to current and exciting research projects, to initiate discussion and collaboration, and to share expertise at GW.
