

Benefits for Students/Faculty	Open Educational Resources	Interactive Digital Access Program
Cost Savings for students	100%	Between 52-59%
Improving educational outcomes for students	higher All students will be able to afford it.	lower Some students will still not be able to afford it.
Availability of materials on first day of class	same	same
Digital materials	same	same
Faculty can select course materials that best suit their needs	Faculty have total control	Faculty have limited control
Publisher Negotiation	No cost to negotiate. All materials are freely licensed.	Bookstore works with publishers to negotiate a price. Faculty won't know how much the textbook costs until they join IDAP.
Laulima Integration	Direct Faculty control linking or uploading OER course materials to Laulima.	Indirect Bookstore coordinates with faculty and IT staff to integrate digital course materials.
Choice of Content	Flexible	Fixed
Student Billing	None	Students are automatically billed for the IDAP course materials when they register. They must choose to "opt out" within 10 days if they do not want the course materials.
Long-term Access to Course Materials	Indefinite Materials available after the class ends	None No access to materials after the class ends

Total Cost Savings (for 2 UH Manoa & 1 HCC course)	\$54,408.40	\$30,314.40
Who Profit\$	No one Students have no out-of-pocket costs	Publisher and Bookstore Faculty guarantee a customer base for publishers which determines the cost of the textbook. Students no longer have options to reduce their textbook costs independently (used books, reserve books, book sharing).
Printing of Materials	Students may choose to print only what they need at a per page cost or on their home printer.	Students must pay an additional charge on top of the digital material cost for a printed text.
UHCC System Strategic Plan “Adoption of Open Education Resources to replace textbooks, with most textbooks replaced by the year 2021”	Meets	Does not meet
