EXPEDITION - Docufilm di Alessandra Bonavina

This documentary takes the audience on a journey behind the scenes of Expedition 52/53, focusing on the demanding training astronauts have to undertake, the experiments, the simulation of catastrophic situations, and the technological side of the VITA mission organized by Italy's space agency ASI. Featuring astronaut Paolo Nespoli on his third mission to the International Space Station (ISS). **Director Alessandra Bonavina and Paolo Nespoli will participate in Q&A session after the screening.**
