

# Fannin Innovation Studio

## Entrepreneurship Fellow Program

### Currently seeking applications!

#### TWO-YEAR, FULL-TIME FELLOWSHIP

Fannin Innovation Studio's Entrepreneurship Fellow Program is an interdisciplinary leadership program designed to support and develop emerging future leaders in life science commercialization. The program provides innovative scientists with the skills and relationships required for managing successful early-stage life sciences companies through experiential learning. Each Fellow will design and execute an individualized apprenticeship program created in conjunction with mentors at Fannin. During the 2-year program, the fellow will have the opportunity to:

- Lead one or more of Fannin's drug, device, or diagnostics portfolio companies
- Gain real-world experience in entrepreneurship and life science development
- Manage R&D activities, intellectual property, business development, regulatory affairs, and financing
- Build a network of biomedical entrepreneurs and other industry professionals
- Attend industry workshops and conferences

Join us for a networking  
and information session

**February 25, 2016**

**6:00 – 7:30 pm**

**At Fannin Innovation Studio  
3900 Essex Lane, Suite 575**

**RSVP by February 22 to

# LAUNCHING FANNIN INNOVATION STUDIO'S ENTREPRENEURSHIP FELLOW PROGRAM

The fellowship program is designed to provide innovative scientists with the opportunity to develop entrepreneurial skills and promote the commercialization of life science technologies within the Texas Medical Center.

Applications are invited for a 2-year, full-time fellowship from individuals with a strong scientific background who wish to develop a career in entrepreneurship. Applicants must have experience in life science research, clinical care, or life science commercialization and be authorized to work lawfully in the United States for the duration of the fellowship. A doctoral degree or equivalent is highly desirable.

Fellows will receive compensation based on the NIH postdoctoral fellow stipend levels.

## HOW TO APPLY

Interested individuals should submit a 2-page CV/resume and a 1-page statement of interest. The statement of interest should include your name in the header and must address the following:

1. Why you are interested in participating in the fellowship program
2. What you hope to gain from your experience at Fannin
3. Why you believe you are qualified for the fellowship program

Your application should be sent by email as a single pdf file saved with the following file name format: Lastname\_Firstname\_2016

Applications should be sent to Serena Miggins at [serena@fannininnovation.com](mailto:serena@fannininnovation.com). Please put 2016 Entrepreneurship Fellow Application as the subject of the email.

Applications must be received by **midnight, Monday, March 7, 2016**.
