General coverage provisions

This section provides detailed explanations about the **Maximum out-of-pocket limits** that are listed in the first part of this schedule of benefits.

Copayments
Copayment As it applies to in-network coverage, this is a specified dollar amount or percentage that must be paid by you at the time you receive eligible health services from a network provider .
Per Admission Copayment
A per admission copayment is an amount you are required to pay when you or a covered dependent have a stay in an inpatient facility.
Separate copayments may apply per facility. These copayments are in addition to any other copayments applicable under this plan. They may apply to each stay or they may apply on a per day basis up to a per admission maximum amount.
The per admission copayment amount is equal to a facility's semi-private room rate for one day. However, for the stay of a well newborn baby (starting at birth), the per admission copayment amount will not exceed the hospital's actual room and board charge on the first day of the stay .
Payment percentage
The specific percentage the plan pays for a health care service listed in the schedule of benefits.
Maximum out-of-pocket limits provisions
Eligible health services that are subject to the maximum out-of-pocket limit include prescription drug eligible health services provided under the medical plan outpatient prescription drug plan.
The maximum out-of-pocket limit is the maximum amount you are responsible to pay for copayments/payment percentage for eligible health services during the Plan Year. This plan has an individual and family maximum out-of-pocket limit . As to the individual maximum out-of-pocket limit each of you must meet your maximum out-of-pocket limit separately.
Individual
Once the amount of the copayments/payment percentage you and your covered dependents have paid for eligible health services during the Plan Year meets the individual maximum out-of-pocket limit , this plan will pay 100% of the negotiated charge for covered benefits that apply toward the limit for the rest of the Plan Year for that person.

*See *How to read your schedule of benefits* at the beginning of this schedule of benefits

Family

Once the amount of the **copayments/payment percentage** you and your covered dependents have paid for **eligible health services** during the Plan Year meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** for such **covered benefits** that apply toward the limit for the remainder of the Plan Year for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the Plan Year, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members. The family **maximum out-of-pocket limit** can be met by a combination of family members with no single individual within the family contributing more than the individual **maximum out-of-pocket limit** amount in a Plan Year.

The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a covered benefit, your **copayment/payment percentage** for that covered benefit will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- All costs for non-emergency use of the emergency room
- All costs incurred for non-urgent use of an **urgent care provider**

Calculations; determination of benefits provisions

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one Plan Year. Determinations regarding when benefits are covered are subject to the terms and conditions of the booklet.

Outpatient prescription drug maximum out-of-pocket limits provisions

Eligible health services that are subject to the **maximum out-of-pocket limit** include **eligible health services** provided under the medical plan and the outpatient **prescription drug** plan.
