HELP STOP THE SPREAD:
6 FEET OF DISTANCE

Physical distancing means keeping space between yourself and other people outside of your home or enclosed office. To practice physical distancing:

- Stay at least 6 feet — about 2 arms’ length — from other people.
- Do not gather in groups.
- Stay out of crowded places and avoid mass gatherings.

Help stop the spread, implement physical distancing.

RICE UNIVERSITY
Crisis Management Team

Rice University follows the recommendations of the Centers for Disease Control and Prevention (CDC). For more information, please visit coronavirus.rice.edu or visit the CDC website at https://bit.ly/covid19-universities.
