Assignment

Organization Main Street Oregon City
 Supervisor Jonathan Stone
 RARE Member Justine Ealy

About the Downtown Oregon City Association

DOCA is a nationally accredited Main Street Program. They have two office employees, a part time clean-team personnel, and are quickly expanding with the acquisition of the Municipal Elevator. They are engaged and growing their program in all four areas of a traditional Main Street Program.

Justine will aide in Projects that will address organizational capacity as well as directly implement new projects and programs. Community engagement is critical to continuing to build community support for organization and fundraising and other projects focus on critical business and redevelopment needs that organization does not currently have capacity to address.

Meet Justine Ealy

- B.S. in Urban and Regional Planning – Texas A&M University
- People may be surprised when they learn that I was able to save money on my AmeriCorps stipend – a pretty significant amount!
- My most significant accomplishment is finding a passion in housing and community development. Countless individuals spend a lifetime searching for what they want to be when they grow up, and I feel fortunate to have developed a central theme to my creative hobbies and work
