About the Oregon Community Food Systems Network

Anya will be joining OCFSN in 2016 at the exciting time as the Network transitions from development and planning to implementation-delivering benefits for members and advancing food systems work throughout Oregon. Anya will support OCFSN by working with group members to plan and schedule work group calls/meeting. She will be assisting with development of training plans and budgets in which she will plan and deliver full-day and half-day professional training(s) for OCFSN members. Anya will also be create systems for communication between members and to stakeholders.

Meet Anya Moucha

- B.A. in Global Studies – University of Minnesota
- Spent the past year serving the City of St. Helens through the RARE AmeriCorps Program
- Anya plans to pursue a graduate degree in Landscape Architecture
