

## Sandy Main Street

### Community Profile

County Clackamas

City Sandy

Population 9,774

### Description

Sponsor Sandy Main Street

Supervisor David Snider

**Assignment** In September 2008, the City of Sandy was selected to participate in the Clackamas County Main Street Program, in conjunction with the Oregon Main Street Program. Currently, Sandy Main Street is participating in the Oregon Main Street Program at the “Transforming Downtown” level. As such, Sandy Main Street is committed to downtown revitalization using the Main Street Four-Point Approach, and is working incrementally to implement the program.

The RARE participant placed with Sandy Main Street will coordinate and manage an array of activities leading to further development of the downtown area, including filling vacant stores, recruiting businesses, counseling property owners, and developing and expanding existing events. Specifically, the participant will spend the majority of their time developing processes, procedures and methods for helping new businesses locate in Sandy. Additionally, the participant will work with Main Street’s Promotion Committee on a local restaurant promotion plan; plan and execute a visioning process for downtown Sandy; and, help manage the organization’s master database of properties, businesses, vacancies, etc.

### Meet Aubrey Erwin

Aubrey received her Bachelor of Science in Environmental Studies with a Minor in Literature from Albertson College of Idaho. As a student, Aubrey worked with the campus environmental organization TERRA (The Environmental Resource & Recreation Association) where she worked across organizations and social groups to education and advocate for sustainability. After attaining her Bachelors Degree, Aubrey served with the Idaho Food Bank as an AmeriCorps Vista member. During her first year of AmeriCorps, Aubrey worked as a Summer Feeding Associate that included a wide away of program implementation and coordination related responsibilities. Now in RARE, Aubrey hopes to contribute as many of her strengths as possible to the betterment of the community she serves. Following her year with the RARE Program, Aubrey plans to study urban & regional planning at the graduate level.
