

Bandon, City of

Community Profile:

Population 2,390

Location South Oregon Coast, Coos County

Position Description:

Sponsor City of Bandon

Supervisor Dennis Lewis, City Planner

Assignment

Worker will serve as a Resource Assistant to Bandon, concentrating on a Water Management and Assessment Plan to supply quality water to residents and identify past, present and future land uses within the watershed. This plan will also determine present and anticipated water uses and needs for the City, agriculture and other users. In addition, RARE worker will review and update zoning ordinances in the Comprehensive Plan and continue the Water Conservation Program began by 1995-96 RARE participant, Marguerite Downey.

Required Skills

Planning experience; computer skills in data analysis; excellent writing and verbal communication skills; organizational and management experience (able to facilitate group meetings); good people skills; tolerance of rain and blustery coastal weather.

RARE Member: *Corrinne Humphrey - 1995-1996, Year 2 Participant*

Corrinne received her Bachelor's Degree in Business Administration with a minor in Environmental Science from California State University in 1992. She is currently pursuing her Masters in Community and Regional Planning from the University of Oregon and plans to combine her work in Bandon with her Exit Project for her degree. Corrinne has acquired considerable planning experience through her graduate work at the U of O. She worked as a Research Assistant in the development of a Strategic Plan for the McKenzie River Corridor, served as a student representative to the American Planning Association, and helped the Central Oregon Environmental Center draft an Environmental and Economic Impact Assessment in Bend, OR. Prior to graduate school, Corrinne worked for the Aquatic Habitat Institute and served as Director of Wildlife Rescue in Palo Alto, CA.
