

Tualatin River Watershed Council

Community Profile:

Population 450,000

Location Hillsboro

Position Description:

Sponsor Tualatin River Watershed Council and Washington County Soil & Water Conservation District

Supervisor Elizabeth Moudalexis, Watershed Council Coordinator

Assignment

The RARE participant serves as the Tualatin Watershed Resources Project Manager. This requires collecting, analyzing, and disseminating information to make information easily accessible to citizens, agencies, decision-makers, schools, and others. The RARE participant establishes the Tualatin Watershed Information Clearinghouse, a single repository for publications, such as reports, studies, brochures, etc., that pertain to the watershed and its river. The participant also designs and assists with the development of the Tualatin Web page that will include an activity registry available for groups to publicize their events.

Required Skills

Project management (budgeting, scheduling, computer skills), advanced written and oral communication skills, and the ability to work independently.

RARE Member: *Andree Pinnell - 1998-1999, Year 5 Participant*

Andree received her degree in Biology from the University of Oregon. In the past few years she has worked several seasons with the Forest Service as a Biological Technician and with the Johnson Creek Watershed Council in Portland as an assistant watershed coordinator implementing restoration projects, stream assessments, and educational activities. She has lived and attended university in France and has worked as a Natural History guide in central India. Her main interests include watershed functions and playing around on mountaintops.
