

Central Oregon Intergovernmental Council

Community Profile:

Population 138,500

Location Deschutes County

Position Description:

Sponsor Central Oregon Intergovernmental Council

Supervisor Ric Ingham

Assignment

The RARE participant will act as the program coordinator for two interrelated projects. The first will be the facilitation of Central Oregon 2001 Needs and Issues Inventory and Regional Plan Update. The second will be the development of an Internet based benchmarks/indicators and database project. Both regional projects will help eliminate duplicative planning processes and foster increased coordination of local, state and federal plans.

Required Skills

Strong writing and organizational skills, teamwork skills, and the ability to work under a deadline.

RARE Member: *Autumn Bryant - 2000-2001, Year 7 Participant*

Autumn recently graduated from Oregon State University with a bachelor degree in International Studies and Natural Resources. During her college years she interned in Costa Rica at an environmental law organization and in Mexico as a research assistant for Harvard University's Forestry Department. In Mexico, she also conducted research for her senior thesis Forest Certification and Sustainable Forest Management on the Southern Yucatan Peninsula, Mexico. Autumn is pursuing a career in International Development.
