Library skills check in

Started: Feb 26 at 1:52pm

Quiz Instructions

The learning outcomes for this course included the following.
At the end of the library session, students will be able to:
* Log into mendeley (or other bibliographic software), add scholarly articles and website to their library and ultimately generate citations and a reference list/bibliography.
* Fill out the appropriate form to ask Interlibrary Loan for an article that the UO Libraries does not own.
* Select sources for their projects using at least 2 scholarly databases (i.e. PubMed, Google Scholar, or Web of Science).
* Combine advanced search techniques to discover other sources (pearling and footnote chasing and Boolean logic) and change your strategy as needed.
* Feel more confident about getting help with their research when needed.

### Question 1

I am able use Mendeley (or other bibliographic management software) to add articles to my library, generate citations and make a reference list.

- [ ] I’m NOT AT ALL ABLE to use the software taught to find and cite sources for my project.
- [ ] I have general awareness of how to use the software, but I will need MORE GUIDANCE to add and cite sources.
- [ ] I am able to apply some of the Mendeley features, but I will need MORE PRACTICE to add and cite sources easily and correctly.
- [ ] am able to use Mendeley features SOME of the time to add and cite sources.
- [ ] I am ALWAYS able to use at least 2 or more of the Mendeley features to add and cite sources.

### Question 2

[ ] 

1 pts
**Question 3**

I am able to find and use Research Guides or Databases A-Z > PubMed to get a relevant source:

- I’m NOT AT ALL ABLE to use PubMed to find sources for my topic.
- I have general awareness of how to use PubMed, but I will need MORE GUIDANCE to use it to find sources for my topic.
- I am able to use PubMed, but I will need MORE PRACTICE to use it well to find sources for my topic.
- I am able to use SOME of PubMed adequately to find sources for my topic.
- I am able to use PubMed at a PROFICIENT level to find sources for my topic.

**Question 4**

I am able to find and use Web of Science (WoS) to find a highly cited source and/or footnote chase:
<table>
<thead>
<tr>
<th>Question 5</th>
<th>1 pts</th>
</tr>
</thead>
<tbody>
<tr>
<td>I am able to combine advanced search techniques to discover other sources and change my strategy as needed. (advanced strategies include: footnote chasing, pearling, Boolean AND, OR, NOT)</td>
<td></td>
</tr>
<tr>
<td>I’m NOT AT ALL ABLE to use the techniques to find reliable information for my topic.</td>
<td></td>
</tr>
<tr>
<td>I have general awareness of the techniques taught, but I will need MORE GUIDANCE to combine them for my topic.</td>
<td></td>
</tr>
<tr>
<td>I am able to to use the techniques, but I will need MORE PRACTICE to combine them for my topic.</td>
<td></td>
</tr>
<tr>
<td>I am able to use SOME of the techniques adequately to search for material for my topic.</td>
<td></td>
</tr>
<tr>
<td>I am able to use the techniques at a PROFICIENT level to search for material for my topic.</td>
<td></td>
</tr>
</tbody>
</table>

<table>

No answer text provided.

Question 7

I enjoyed using the Canvas survey both as homework and in class as a way of learning/reviewing some of this information.

- I loved it.
- I liked it.
- I disliked it.
- No answer text provided.

Question 8

Please provide any comments that could help us improve the library support for this class in the future. If you have any remaining questions or want Annie to help, provide contact information here too. Anonymous questions will be sent to the class.
