## Coal Trains Resolution

**Number:**  
US11/12-16

**Date of Notice:**  
Wed, 05/09/2012

**Legislation, Resolution, or Policy Adoption:**  
Resolution

**Current Status:**  
Approved at 05/23/2012 Senate Meeting

### **Motion:**

This resolution opposes coal trains passing through Eugene and impacting the health and safety of the University of Oregon community.

### **Section I.**

1.1 *Whereas*, the University of Oregon has consistently been a leader in protecting the environment and air quality within its community; *and*

1.2 *Whereas*, between 500 and 2,000 pounds of dust [1]; *and*

1.3 *Whereas*, coal contains toxic heavy metals - including mercury, arsenic, and lead - and exposure to these toxic heavy metals in high concentrations is linked to cancer, bronchitis, emphysema, black lung disease and birth defects [2]; *and*

1.4 *Whereas*, frequent coal trains passing through Eugene close to campus would harm our campus community by discouraging potential students, distracting from classes, increasing traffic congestion, hindering high speed rail development [3] that could facilitate easier University transport; *and*

1.5 *Whereas*, frequent coal trains have caused small homes near freight rail lines to decrease in value 5-7% [4] and decrease the living quality of housing by campus and near the train tracks; *and*

1.6 *Whereas*, coal is the largest source of carbon dioxide emissions that cause global climate destabilization [5]; *and*

1.7 *Whereas*, younger generations will bear the burdens of increased climate destabilization; *and*

1.8 *Whereas*, the coal that would pass through our community would be burned in Asian nations and produce mercury and other toxic air pollution which would end up in the Northwest's air, water, fish, and wildlife [6]; *and*

1.9 *Whereas*, the University of Oregon mission statement states, "that the university strives to enrich the public that sustains it through . . . the cultivation of an attitude toward citizenship that fosters a caring, supportive atmosphere on campus and the wise exercise of civic responsibilities . . .

#### BACKGROUND ON THE MOTION

The proposal of Coal export terminals in the Pacific Northwest has caused alarm due to the environmental harm they would cause. If these terminals are built then open-bed coal trains would go through Eugene, directly impacting the people of this community.
