FALL 2019 PRELIMINARY CURRICULUM REPORT

December 4, 2019

OVERVIEW

The body of this report consists of two major sections: **Course Proposals**, reviewed fall 2019, and **Other Curricular Matters**.

Course proposals approved by the University of Oregon Committee on Courses (UOCC) and the University Senate are effective fall term 2020, unless a specific term is requested by an academic department and stated otherwise in this report.

All changes to course catalog listings are intended to be included in the curriculum report, and are routed through the UOCC to the senate. The UOCC will consider new proposals each term of the academic year and will submit a quarterly report to the University Senate near the end of each term. Information and suggestions for preparing proposals, including policies and definitions governing areas of inquiry and cultural literacy core-education requirements, are provided under Other Curricular Matters.

Courses Not Taught Report: Courses not taught within the past three years will be indicated for dropping from the curriculum in the spring curriculum report.

LOOKING AHEAD

Winter 2020

December 23, 2019—First round fall submissions due to the UOCC; courses must be entered into CourseLeaf by this date to be reviewed during winter term

March 4, 2020—Preliminary report due to the Senate

March 11, 2020—Senate votes on report

MOTION

The University of Oregon Committee on Courses moves that these recommendations on the following course proposals and other curricular matters be approved.

Respectfully submitted,

COURSE PROPOSALS

Unless indicated otherwise, courses may be taken either pass/no pass or for letter grades. *Pass/no pass only* or *graded only* indicates that all students must take the course as specified in the bold print. Separate grading options for majors are bracketed in this report and appear in UO class schedule notes; they are not printed in the *UO Catalog*. *Sequence* after the description means the courses must be taken in numerical order.

In this writing-intensive course students will use disciplinary methodologies to develop skills in evidence-based argument. *Request to satisfy Category I-Arts and Letters core-education areas of inquiry requirement.*

HC 231H: Honors College Social Science (4)
(Title change, curricular revision)

HC 231H: Social Science Inquiry (4) Introduction to critical inquiry in Social Science fields such as history, economics, anthropology, sociology, political science, law, business, geography, communication, and education. In this writing-intensive course students will use disciplinary methodologies to develop skills in evidence-based argument. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement.*

PROFESSIONAL SCHOOLS AND COLLEGES

CHARLES H. LUNDQUIST COLLEGE OF BUSINESS

OPERATIONS AND BUSINESS ANALYTICS

NEW COURSE(S)

OBA 311: Business Analytics I (4)
(prereq change)

OBA 311: Business Analytics I (4) Explores standard protocols for describing and modeling business information and processes; techniques for designing management information systems; criteria for analyzing firms' implementations of information technology. Students cannot receive credit for both OBA 311 and OBA 311H. Sophomore standing required. Prereq: C- or better in BA 101, BA 240, EC 201, MATH 241, MATH 243.

OBA 311H: Business Analytics I (4) Explores standard protocols for describing and modeling business information and processes; techniques for designing management information systems; criteria for analyzing firms' implementations of information technology. Students cannot receive credit for both OBA 311 and OBA 311H. Sophomore standing required. Prereq: C- or better in BA 101, BA 240, EC 201, MATH 241, MATH 243. Open only to students in the LCB honors program.

OBA 312: Business Analytics II (4) Computer-aided business applications of hypothesis testing, simple linear regression. Introduction to multiple regression and nonparametric techniques. Blocked and completely randomized one- and two-factor experimental designs. Students cannot receive credit for both OBA 312 and OBA 312H. Sophomore standing required. Prereq: C- or better in BA 101, BA 240, EC 201, MATH 241, MATH 243, OBA 311.

OBA 312H: Business Analytics II (4) Computer-aided business applications of hypothesis testing, simple linear regression. Introduction to multiple regression and nonparametric techniques. Blocked and completely randomized one- and two-factor experimental designs. Students cannot receive credit for both OBA 312 and OBA 312H. Prereq: Open only to students in the LCB honors program. C- or better in BA 101, BA 240, EC 201, MATH 241, and MATH 243.

EXISTING COURSE(S)

OBA 335: Operations Management (4)
(prereq change)

OBA 335: Operations Management (4) Concepts and applications of operations management. Use of information technology in operations. Topics include forecasting, quality, supply chain management, information systems in operations management, and planning and scheduling. Students cannot receive credit for both OBA 335 and OBA 335H. Sophomore standing required. Prereq: C- or better in BA 101, BA 240, EC 201, MATH 241, MATH 243.

SPORTS BUSINESS

NEW COURSE(S)

SBUS 250: Sports Business and Society (4) This course provides an interdisciplinary treatment of the intersection of sports business and society. It reviews the broader sociology of sport and the critical role sport has played on issues of gender and race both domestically and globally. Prereq: BA 101 Request to satisfy Category II-Social Science core-education areas of inquiry requirement. *Request to satisfy Global Perspectives cultural literacy requirement.*

ACCOUNTING

EXISTING COURSE(S)

ACTG 350: Intermediate Accounting I (4)
(prereq change)

ACTG 350: Intermediate Accounting I (4) Concepts and principles of financial accounting, including U.S. and international financial reporting standards; analysis of alternatives for income measurement and asset and liability valuation. Prereq: C- or better in ACTG 213, BA 101, BA 240, EC 201, EC 202, MATH 241, MATH 243, and WR 122 or WR 123.

ACTG 360: Cost Accounting (4)
(prereq change)

ACTG 360: Cost Accounting (4) Development and communication of cost information to assist in planning, motivating managers, controlling costs, and evaluating performance. Prereq: C- or better in ACTG 213, BA 101, BA 240, EC 201, EC 202, MATH 241, MATH 243, and WR 122 or WR 123.

ACTG 470: Federal Taxation (4)
(prereq change)

ACTG 470: Federal Taxation (4) Federal income tax law covering primarily the taxation of individuals with a focus on business income and property transactions. Introduction to tax planning. Prereq: C- or better in ACTG 213, BA 101, BA 240, EC 201, EC 202, MATH 241, MATH 243.

BUSINESS AFFAIRS

EXISTING COURSE(S)

BA 101: Introduction to Business (4)
(Core Ed status change- new syllabus)

BA 101: Introduction to Business (4) Historical, social, political, economic, and legal environments within which business operates. Interrelationships of the functional areas of management, finance, marketing, accounting, and international studies. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement.*

BA 308: Leadership and Communication (4)
(prereq, learning outcome change)

BA 308: Leadership and Communication (4) Personal leadership and communication skills. Focuses on self-awareness for leading, persuading, and working with others; effective business writing and speaking; and team development. Students may not receive credit for both BA 308 and BA 308H. Sophomore standing required. Prereq: C- or better in BA 101, WR 122 or WR 123.

BA 308H: Leadership and Communication (4)
(prereq change)

BA 308H: Leadership and Communication (4) Personal leadership and communication skills. Focuses on self-awareness for leading, persuading, and working with others; effective business writing and speaking; and team development. Students may not receive credit for both BA 308 and BA 308H. Open only to students in the LCB Honors Program. Prereq: C- or better in BA 101; WR 122 or WR 123.

BA 325: Business Law and Ethics (4)
(prereq, enrollment change)

BA 325: Business Law and Ethics (4) Legal and ethical environments of business, including US legal concepts, social and environmental impacts of business, and ethical decision making. Prereq: BA 101, WR 122, WR 123

COLLEGE OF DESIGN

PRODUCT DESIGN

EXISTING COURSE(S)

PD 301: Introduction to Design Studio (4)
(Catalog Description, prereq change)

PD 301: Introduction to Design Studio (4) Introduction to a studio-based design course that combines theory and practice with a series of assignments and projects. Prereq: PD 223, PD 330, PD 240

PLANNING, PUBLIC POLICY, AND MANAGEMENT

EXISTING COURSE(S)

PPPM 205: Introduction to City Planning (4) Introduction to planning, using urban issues as lenses to explore transportation, housing, environment, and social equity as critical elements shaping where and how people live. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement.*

PPPM 670: Cultural Administration (4) Course examines the major functions and issues in the administration of the arts and culture Emphasis is placed on nonprofit organizations

COLLEGE OF EDUCATION

COUNSELING PSYCHOLOGY

EXISTING COURSE(S)

CPSY 217: Foundations of Student Health and Well-Being (3)
(Catalog Description, Learning Outcomes change)

CPSY 217: Foundations of Student Health and Well-Being (3) This course examines risk and protective factors for college students and reviews educational and behavioral strategies for reducing personal risk and enhancing well-being, with focus on topics including stress, physical health, healthy sexuality, sexual violence prevention, substance use, social media use, and being allies.

FAMILY AND HUMAN SERVICES

NEW COURSE(S)

FHS 301: Professional and Scientific Writing (3) This course prepares students with the knowledge and skills necessary for writing competently for professional/scientific audiences through a series of assigned readings, in- and out-of-class assignments, and quizzes. Students will practice iterative writing by giving and receiving peer reviews and incorporating peer and instructor feedback. Prereq: WR 121 (co-enrollment allowed)

EXISTING COURSE(S)

FHS 215: Exploring Family and Human Services (3)
(Prereq change)

FHS 215: Exploring Family and Human Services (3) Explores the historic basis and current design of family and human services. Emphasizes services to children, youth, adults, and families. Prereq: FHS 213 (concurrent enrollment is allowed)

FHS 328: Human Development in the Family Context (4)
(Credit, prereq change)

FHS 328: Human Development in the Family Context (3) Examines human development within the context of the family from an evidence-based perspective. Integration of contemporary family issues experienced across the lifespan within the context of the human service profession. Prereq: CPSY 217 (concurrent enrollment allowed), FHS 213, FHS 216, FHS 301

FHS 420: Research in Human Services (4)
(Credit, catalog description, prereq change)

FHS 420: Research in Human Services (3) This course provides a comprehensive introduction to research methods commonly used in human services, prevention science, and social work. Students will learn how to formulate research questions; identify, interpret, and evaluate empirical research articles; and engage in scientific writing by preparing research reports. Prereq: FHS 213, FHS 216, FHS 301

FHS 497: Senior Project (2)
(Title, Catalog Description, prereq change)

FHS 497: Direct Service Intensive Capstone (2) Students develop, implement, and evaluate a capstone project that synthesizes knowledge from all required FHS courses and sustainably fills a need within a local school or community agency, which is presented as a summarized final paper and oral presentation. Prereq: FHS 491

EDUCATION LEADERSHIP

NEW COURSE(S)

EDLD 651: Introductory Educational Data Science (3) Introduces students to the fundamentals of statistical computing for data science. Introductory programming, data wrangling, data visualization, reproducible research.

EDLD 652: Data Visualization for Educational Data Science (3) Best practices in data visualization for social data science communication. Visual perception, color, uncertainty, and communication mediums. Delivery Mode Details. Prereq: EDLD 651

EDLD 653: Functional Programming for Educational Data Science (3) Foundations of functional programming for data science. Function writing and iteration emphasized. Prereq: EDLD 651

EDLD 654: Machine Learning for Educational Data Science (3) Statistical models for prediction. Bias-variance tradeoff, cross-validation methods, model evaluation, and a variety of models used in data science. Prereq: EDLD 651

EDUCATION STUDIES

EXISTING COURSE(S)

EDST 422: Technology Education (4)
(prereq change)

EDST 422: Technology Education (4) Examines educational technology, including the theoretical, methodological, practical, and policy issues that influence the field.

EDST 463: Foundations of Reading (4)
(Title change)

EDST 463: Foundations of Literacy (4) Introduction to the various theoretical dimensions of reading and writing that form the foundation for understanding and teaching the complex texts children encounter today.

SCHOOL OF JOURNALISM AND COMMUNICATION

JOURNALISM

NEW COURSE(S)

J 415: Media Studies Research Methods (4) This course provides the core skills necessary to critically evaluate scientific and analytic studies and conduct research in the media studies tradition. Students learn basic principles of media studies research methods, such as experiments, surveys, naturalistic observations, and interviews.

J 489/589: Media Entrepreneurship (4) Media Entrepreneurship introduces students to the fundamentals of business and innovation, and gives them an opportunity to develop and test original business ideas. This course helps broaden the outlook of journalism students by providing an understanding of how the economics of media are shifting.

EXISTING COURSE(S)

J 201: Media and Society (4) Introduction to the critical examination of the roles of media in society. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement.*

J 320: Gender, Media, and Diversity (4) Critical study of the media with regard to gender, race, ethnicity, and other social divisions. Ramification and possible mechanisms of change. Prereq: J 201 with a grade better than C-. *Request to satisfy US: Difference, Inequality and Agency cultural literacy requirement.*

J 385: Communication Law (4) Legal aspects of the media: constitutional freedom of expression, news gathering, access to public records, libel, privacy, copyright, advertising, electronic media regulation, and antitrust. Prereq: J 201 with a grade of mid-C or better. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement.*

J 387: Media History (4) The changing structure and character of the media in the United States. Prereq: J 201 with a grade of mid-C or better. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement.*

J 397: Media Ethics (4) Ethical problems in the media: privacy, violence, pornography, truth-telling, objectivity, media codes, public interest, media accountability. Prereq: J 201 with a grade of mid-C or better. *Request to satisfy Category I-Arts and Letters core-education areas of inquiry requirement.*

LAW

NEW COURSE(S)

LAW 715: Gender-Based Violence and the Law (2) This class focuses on domestic abuse, sexual assault, and stalking and the diverse array of laws that address those topics.

LAW 746: Law and Development (2-3) This course explores the relationship between theories of development and legal knowledge. Students tease out the legal theory inherent in development proposals and socio-economic theories informing law development proposals.

LAW 747: Human Rights (3) The class leads students through a thorough discussion of foundational issues in international human rights law and activism.

EXISTING COURSE(S)

LAW 620: Business Associations (4)
(credit change, catalog description change)

LAW 620: Business Associations (3-4) This is the introductory course on business law and a prerequisite for most upper-level business law courses. It introduces the governance structure of agency, partnerships, corporations and LLCs.

SCHOOL OF MUSIC AND DANCE

MUSIC EDUCATION

EXISTING COURSE(S)

MUE 412/512: Elementary Music Methods (3)
(prereq change)

MUE 412/512: Elementary Music Methods (3) Introduction to a variety of skills and techniques necessary for successful music teaching in elementary school settings. Laboratory fee. Prereq: admission to music education; admission to the MUP 300 level; coreq: MUE 406, MUE 486.

MUSIC

NEW COURSE(S)

MUS 437: Documentary Field Recording (3) Field Recording centers around the documentation and discovery of sound sources and their cultural relevance. This can take many forms, but all forms have a common thread: creating a narrative. Use of digital media and recording will contribute soundscapes to enhance the narrative we choose. Repeatable.

EXISTING COURSE(S)

MUS 450: SensorMusik (3)
(Title, prereq change)

MUS 450/550: Sensor Music (3) Repeatable. Examines the fundamental principles for microprocessors and sensor interface design within the context of musical performance, composition, and improvisation. Repeatable thrice for a maximum of 12 credits. Prereq: Currently, MUS448/548 Interactive Media Performance is a suggested prerequisite. We would like to make MUS448/548 a required prerequisite. Repeatable.

PHYSICAL EDUCATION AND RECREATION

PHYSICAL EDUCATION FITNESS

EXISTING COURSE(S)

PEF 344: Healthy Weight Loss (2)
(Title, catalog description change)

PEF 344: Eat, Move and Be Well (2) For students in need of lifestyle behavior change and guidance who are motivated to use a holistic wellness approach (nutrition, exercise, stress management) to initiate healthy habits. Class includes twice a week 50-minute movement sessions.

PHYSICAL EDUCATION OUTDOORS

EXISTING COURSE(S)

PEO 391: Avalanche Safety (2)
(Title, catalog description change)

PEO 391: Winter Navigation (2) Topics include cold weather clothing and equipment requirements, thermoregulation, cold injuries, route finding, Leave No Trace travel and camping ethics, and winter navigation and survival techniques. Skills applied on a three-day outing. Repeatable once for a maximum of 4 credits. Prereq: PEO 285 Wilderness Survival and PEO 351 Backpacking Repeatable.

UNDERGRADUATE STUDIES

No courses submitted.

DENIED PROPOSALS

No courses denied.

PENDING PROPOSALS

Charles H. Lundquist College of Business

MGMT 465/565: Technology and Innovation Management (4) Explores how to leverage technological and industry change to create, capture, and deliver value from innovation. Executive simulation project, cases, and intensive class interaction. Prereq: FIN 316, MGMT 311, MKTG 311, OBA 335

College of Arts and Sciences

BI 395: Tropical Ecology (4) Ecological theories for the maintenance of tropical diversity is the main focus of the course. Topics include biogeography, human land use change, and eco-evolutionary perspectives. Lectures, discussions. Prereq: BI 213 or BI 283H

BI 625: Advanced Genomic Analysis (4) Group research on high-throughput sequencing data and special topics in genomics analysis. Prereq: Bi 624

BLST 101: Introduction to Black Studies (4) This course will engage with a historically-grounded perspective on the creation, implementation, and evolution of Black Studies in both its academic and social contours in the United States and around the globe, including here at the University of Oregon. *Request to satisfy US: Difference, Inequality and Agency cultural literacy requirement.*

CH 468/568: Cellular Biochemistry (4) This course surveys scientific discovery at the interface between cell biology and biochemistry. Emphasis will be placed on understanding how scientists visualize, quantify, and interpret how biochemical reactions are orchestrated in complex biological systems. Relationships between protein structure, function, and emergent properties will be defined. Prereq: Undergraduate = CH 461; no pre-req for graduate students.

DSCI 101: Foundations of Data Science 1 (4) This course utilizes a quantitative approach to explore fundamental concepts in data science. Students will develop key skills in programming and statistical inference as they interact with real-world data sets across a variety of domains. Ethical and privacy concerns are explored. *Request to satisfy Category III-Science core-education areas of inquiry requirement.*

DSCI 102: Foundations of Data Science 2 (4) This course expands upon critical concepts and skills introduced in DSCI 101. Topics include the normal distribution, confidence intervals, regression, and classifiers. Prereq: DSCI 101, MATH 101 (or equivalent math placement score)

DSCI 311: Principles and Techniques of Data Science (4) Intermediate and advanced techniques in data science. Topics include managing data with Python, including Pandas, data cleaning, handling text, dimensionality, principle component analysis, regression, classification and inference. Prereq: DSCI 102, CIS 212, MATH 252, MATH 342

DSCI 345M: Probability and Statistics for Data Science (4) Introduction to probability and statistics, with an emphasis upon topics relevant for data science. Prereq: MATH 342, CIS 211

CHN 423: Issues in Early Chinese Literature (4) Explores scholarship on and questions raised about early Chinese literary forms; examines the notions of history and narrative. *Request to satisfy Global Perspectives cultural literacy requirement.*

CHN 424: Issues in Medieval Chinese Literature (4) Explores scholarship on and questions raised about Chinese poetry and its characteristics. *Request to satisfy Global Perspectives cultural literacy requirement.*

CHN 425: Issues in Modern Chinese Literature (4) Explores scholarship on and questions raised about modern Chinese literature and culture; includes realism, modernism, gender, and literary form. *Request to satisfy Global Perspectives cultural literacy requirement.*

CHN 523: Issues in Early Chinese Literature (4) Explores scholarship on and questions raised about early Chinese literary forms; examines the notions of history and narrative.

CHN 525: Issues in Modern Chinese Literature (4) Explores scholarship on and questions raised about modern Chinese literature and culture; includes realism, modernism, gender, and literary form.

CHN 624: Issues in Medieval and Late Imperial Chinese Literature (5) Explores methodological and disciplinary debates central to the study of medieval Chinese literature

CHN 625: Issues in Modern Chinese Literature (5) Introduces some of the major issues, topics and debates in the field of modern Chinese literary studies in the English-speaking academy by surveying a select group of texts by prominent scholars. Concerns include literary form, modernity, revolution, and gender and sexuality.

ES 356: Race and Social Movements (4)
(DIA Approval)

ES 356: Race and Social Movements (4) Examines the historical significance of self-asserted racial distinctions and explores the ideological diversity of ethno-racial identities produced in tandem with 20th century U.S. social justice movements. Request to satisfy Category I-Arts and Letters core-education areas of inquiry requirement. *Request to satisfy US: Difference, Inequality and Agency cultural literacy requirement.*

ES 360: Black Sexual Politics (4) Explores the gender and sexuality politics that influence the social, political, economic and cultural development of black communities in the diaspora, including the United States. *Request to satisfy US: Difference, Inequality and Agency cultural literacy requirement.*

HPHY 436: Clinical Neuroscience (4) This course covers neurological diseases and disorders from a neuroscience perspective. The focus will be on applying basic neuroscience principles to better understand clinical practices including patient diagnosis and treatments. Prereq: HPHY 323 and 324 with a C or better.

BIOE 112: Careers in Bioengineering (1) This course provides an overview of career opportunities available to bioengineering students. The course instructor and guest lecturers will present numerous career pathways in bioengineering including industrial, clinical, legal, and academic fields.

BIOE 113: Research in Bioengineering (2) Introduction to the scientific process utilizing an interactive combination of instructor and guest lectures paired with collaborative small group problem-based learning sessions. Students will also gain exposure to research fields within and related to bioengineering.

BIOE 251: Fundamentals of Bioengineering I (4) This is the first in a three-course series that introduces students to foundational principles in bioengineering. Topics include units, dimensional analysis, energy

balances, conservation of mass, energy, and momentum, and introductory biomechanics. Prereq: BIOE 111, BIOE 112, BIOE 113 or instructor approval. MATH 251, co-req PHYS 251

BIOE 252: Fundamentals of Bioengineering II (4) This is the second in a three-course series that introduces students to foundational principles in bioengineering. Topics include linear circuits, Fourier transforms, fluid pressure, the Bernoulli Equation, conservation principles in fluid control volumes, and laminar fluid flow. Prereq: BIOE 251

BIOE 454: Biotransport (4) Biological processes rely on the transport of mass, momentum, and energy. This course investigates the underlying physical phenomena that drive these processes, including chemical gradients, electrical potentials, and fluid flow. Prereq: BIOE 253, MATH 256

College of Design

ARH 421: Topics in Ancient Mediterranean Art: [Topic] (4) This course examines art and architecture from the ancient Mediterranean world. Each offering explores art from a particular region/period or through a particular critical/thematic lens. Repeatable. *Request to satisfy Global Perspectives cultural literacy requirement.*

ARH 459: Topics in Art Theory Criticism: [Topic] (4) This is an upper-division course for advanced undergraduate and graduate students who wish to study in-depth a particular issue, concept or trend in art theory and criticism. Repeatable.

PPPM 199: Special Studies (0-5)
Title, credit change, number change

PPPM 321 : Inclusive Urbanism (4) Repeatable. *Request to satisfy Category II-Social Science core-education areas of inquiry requirement. Request to satisfy US: Difference, Inequality and Agency cultural literacy requirement.*

PPPM 470: The Arts in Society (4) Course examines the arts as they function in society Anthropological, philosophical, sociological, and art educational orientations to art examined Implications for arts and cultural management are addressed.

College of Education

FHS 406: Special Problems: Topic (1-12)
(Title, credit, prereq change, permanent number requested)

FHS 422: Supervised Field Study (2-5) Field studies within a local school or community agency. Co-enrollment in FHS 407 required. Prereq: FHS 491

FHS 409: Practicum: [Topic] (1-9)
(credit change, catalog description change, permanent number requested)

FHS 472: Practicum: [Topic] (2-5) Supervised practicum (internship) within a local school or community agency. Co-enrollment in FHS 407 required. Repeatable

FHS 490: Scientific Analysis and Interpretation (3) This course instills students with the knowledge and skills necessary to understand and perform basic quantitative and qualitative data analysis and to understand and demonstrate how data analysis is related to research design within the context of prevention science and the human services, broadly. Prereq: FHS 491, FHS 492

FHS 492: Junior Professional Practices and Issues II (3)
(Title, catalog description, prereq change)

FHS 492: Contemporary Issues in Public Health (3) This course covers methods for assessing and addressing community health problems and promoting health equity. Prereq: FHS 213, FHS 216, FHS 301

DROPPED COURSES

The University Senate agreed in 1998 that the report of the Committee on Courses should include those permanently numbered courses that are being dropped because (1) they have not been taught for three or more years, and (2) the department can provide no reasonable explanation why they have not been taught or whether they will be in the future. The faculty requires that core-education-satisfying courses be offered each year. Other courses should be offered at least every other year to avoid misrepresentation of course offerings to prospective students, and to ensure that required courses are readily available to current students.

Courses may be reinstated within a period of three years, conditional upon the following: (1) there has been no change made to the course, (2) the department provides the term the course will be taught, (3) the department provides the name of the faculty member who will be responsible for teaching, and (4) the department provides a course syllabus with information regarding undergraduate graduate differential for demonstrating mastery if the course is numbered 4XX/5XX.

These courses will only appear in the spring curriculum report and will be provided by the Registrar's Office.
