Department of Energy Office of Environmental Management
SUMMER INTERN PROGRAM
Administered by Vanderbilt University
Through a DOE cooperative agreement with CRESPI

The Office of Environmental Management’s (EM) mission is to complete the safe cleanup of the environmental legacy brought about from five decades of nuclear weapons development and production and government-sponsored nuclear energy research.

Objective: To attract high quality students, and challenge and excite them about future career opportunities with the EM program. Students will work directly with a Mentor who will provide them real work experience that supports the EM mission.

Eligibility: Graduate students and rising Junior and Senior Undergraduate students.

Duration: 10 weeks, beginning May 28, 2019 through August 2, 2019.

Locations: EM Headquarters (Washington, D.C.); Oak Ridge Site (Oak Ridge, TN); Savannah River Site (Aiken, SC); Hanford Site including both the Richland Office and the Office of River Protection (Richland, Washington)

Disciplines: Engineering; physical sciences; earth and environmental sciences; computer science; physics; mathematics; public policy; business; economics; accounting and finance; communications; and other related areas.

Benefits: Stipend offered, housing allowance for students participating from out-of-area, and travel expenses to one off-site meeting.

Deadlines: Applications will be accepted November 15, 2018 – January 4, 2019 on the CRESP Website. www.cresp.org/Internship/

Contact and Additional Information: Detailed information about the program and the application will be available at www.cresp.org/Internship/ by November 15, 2018. Specific questions may be sent to internship@cresp.org
