

**Position Description:**

The [Paleoecology lab](#) is seeking an undergraduate assistant to aid with lab work. Duties will focus on laboratory analyses of soil samples for a study of forest fire effects in redwood forests. Starting immediately. Position is 15-25 hours a week, pay is \$14/hour and hours are flexible. We seek an individual who intends to hold the position for at least three terms; summer employment possible as well.

**Qualifications:**

We are seeking a highly motivated and reliable individual, with great attention to detail, to help with the analysis of soil samples. Applicants should be able to work independently and perform detailed processes repeatedly, quickly and with high accuracy. Training will be provided.

**How to Apply:**

Please send a resume or CV, along with the names of two references to Katherine Hayes ([khayes2@uoregon.edu](mailto:khayes2@uoregon.edu)). The position is available immediately and will remain open until filled.
