

MASTER OF ARCHITECTURE - TRACK II (PDX)

DEGREE REQUIREMENTS - 87 CREDITS

Individual requirements are determined by a transcript evaluation. Exact core courses taken will depend on the student's program of study. Within these requirements, students must complete a professional focus: a cluster, specialization, or certificate.

This degree is typically completed in six terms. This includes 40 credits in design studios. The remaining 47 credits are distributed among required professional course work and professional electives, which include the seminar, advanced study, and history requirements.
