HISTORY

1980 - UO’s preservation program began as the first HP degree program in the West. Faculty from Architecture, Architectural History, Landscape Architecture, and Planning provided a well-rounded core of courses.

2016 - the program completed a long-planned move to the historic White Stag Block in Portland through a bequest from local preservationist Art DeMuro. New program director Jim Buckley led the move with faculty member Chad Randl arriving the following year.
UO Preservation Program

- Balance of practice and theory
- Interdisciplinary curriculum: (architecture, planning, history)
- Hands-on preservation practice (fieldwork, design, planning, development)
- An internship program working with professionals in the field.
- Preservation of cultural heritage, including issues of diversity, identity, and community.
- Opportunities to explore, Portland, Oregon, and the West
PROGRAM Overview
CORE COURSES (17 CREDITS)
- Introduction to Historic Preservation
- Historic Survey and Inventory Methodology
- National Register Nomination
- Legal Issues in Historic Preservation or
- Preservation Economics or
- Preservation Ethics in Public Policy
- Pacific Northwest Field School

INDIVIDUALIZED STUDY (19 CREDITS)
- Research Methods
- Thesis Prep
- Thesis or Terminal Project

ARCHITECTURAL HISTORY (12 CREDITS)
- American Architecture History Survey I
- American Architecture History Survey II
- American Architecture History Survey III

AREAS OF CONCENTRATION
- Sustainable Preservation Design
- Cultural Resource Management and Planning
- Cultural Heritage and History

ELECTIVES (partial list)
- Cultural Resources Management
- Building Pathology: Masonry
- Building Pathology: Wood
- Historic American Buildings Survey (HABS)
- Cultures of Sustainability
- Workshop: African American Cultural Heritage
Trimet Joint Studio with M. Arch Program in Lair Hill (South Portland, 2018)
2018 Albina Workshop – Digital Interpretation
2017 Albina Workshop – Oral Histories with Journalism Students
HABS Drawings

Wood Pathology (2018) - Warm Springs Reservation

Laurelhurst NR Survey (2019) with Peter Meijer Architects

Multnomah County Courthouse Adaptive Reuse Study (2017)
The UO Preservation Program requires students to complete a summer internship to apply their knowledge to real world problems.

Oregon SHPO Summer Internship (2017)
Samantha Gordon, Max Yealy

Crater Lake – NPS Internship
Faculty in UO preservation program come from a wide variety of backgrounds, including **historians, architects, landscape architects, and cultural resources specialists**, among others.

GRADUATE PROGRAM
AREA 1: Sustainable Preservation Design

Focuses on architectural design, including adaptive reuse and contextual new design, and preservation as a sustainability practice. Emphasis on building technology and recording.
AREA 2: Cultural Resource Management and Planning

Provides the legal, planning, and management skills needed to support efforts to *manage diverse cultural heritage resources*.
AREA 3: Cultural Heritage and History

Emphasizes the insights and investigative tools for *cultural heritage conservation and interpretation*, including issues of race, ethnicity, and gender.
ASSOCIATED STUDENTS FOR HISTORIC PRESERVATION (ASHP)

Founded in 1988, ASHP serves as a student group with the aim of advancing knowledge and understanding of preservation among students, professionals, and educators.
ALUMNI EXPERIENCE
2017 Field School
Fenn Ranger Station (1936)
Nez Perce-Clearwater National Forest, Idaho
2017 Field School
Fenn Ranger Station (1936)
Nez Perce-Clearwater National Forest, Idaho
2018 Field School
Cottrell House (1950)
Portland, Oregon
2019 Field School
Silver Falls State Park
Silver Falls, Oregon
2021 Field School
Concrete, Washington
