Directions: Please complete the day’s questions as your Do Now Activator. These sheets will be collected weekly for a formative grade. If you are absent, write “absent” on the day you were absent.

Monday, March 18

Read the information in the box.

The Civil Conservation Corps (CCC), a public work relief program, was part of the New Deal. Operating between 1933 and 1942, it employed young men to work on conservation projects around the country. Its goals were to provide jobs for young men who had trouble finding work, to provide financial relief for their families, and to develop and conserve natural resources in public rural areas.

1. Which type of evidence would BEST help determine whether the CCC had been successful in meeting the goals listed in the passage? Select TWO responses.
   a. Maps showing locations of CCC camps
   b. Letters to family written by CCC participants
   c. Legislation authorizing the creation of the CCC
   d. Records showing the number of CCC participants
   e. Posters encouraging men to apply to join the CCC
   f. Estimates of the value of CCC improvements to public lands

2. How was Georgia significant in the life of President Franklin Delano Roosevelt?
   a. President Roosevelt traveled to Warm Springs frequently to recover from complications of polio.
   b. President Roosevelt used his Warm Springs home as his military headquarters during World War II.
   c. President Roosevelt tested his New Deal programs in Georgia before spreading them across the country.
   d. President Roosevelt received support from Georgia Governor Eugene Talmadge to implement New Deal programs.

Tuesday, March 19
