Agenda items & Meeting Notes:

Item for Discussion
Feedback about the current prototype progress was shared and discussed. Some prototypes are beginning to wind up. The plan is that sharing with faculty will take place on January 16.
The role of the Champions in the prototype process was discussed, including the level of involvement of Champions in prototypes and when that involvement should occur during the prototype process.
Plans for prototyping in semester 2 were discussed, along with an objective of creating a culture of prototyping at NIS.
