

Laptop/iPad Upgrade this summer? Read on...

Wherever you are headed this summer, if you are planning to return to NIS and looking for an upgrade on your iPad or Mac laptop, the NIS IT department would like to remind you about the [Apple Certified Refurbished](#) program. Simply go to the Apple country website and look at the bottom of the page and look for the “Refurbished and Clearance” section (or the translation) as shown in the screenshots below:

Oftentimes this will be at a cost below the Apple Educational discount offered by our vendor SolutionKeys, since these are secondhand devices. It's a way to get a great deal

on “like-new” Apple hardware, backed with Apple’s one-year limited warranty since they are refurbished by the company themselves. The only thing to keep in mind is that the device you purchase is in line with our recommended minimum specifications: laptops found [here](#) and iPads found [here](#).

Have a wonderful summer and see you when you return!
