

# Origami Fortune-Teller

**To the Teacher:** Have students make Origami Fortune-Tellers to review a chapter or unit. Divide students into small groups. Assign each group one part of a chapter or unit. Then, have each student within the group make one Origami Fortune-Teller featuring specific information about the chapter or unit.

## Materials:

8" x 8" (20.3 cm x 20.3 cm) white paper square  
Pen or fine-tipped marker  
Markers or colorful pencils  
Scissors

## Directions\*:

1. Fold the paper square diagonally as shown in figure 1.
2. Open the paper and fold diagonally in the opposite direction as shown in figure 2.
3. Open the paper and fold each corner to the center of the square as shown in figure 3.
4. Flip over the square and fold from the corners to the center as shown in figure 4.
5. Print one question on each triangular section of each flap. You should have room for eight questions as shown in figure 5.
6. On the back of each flap, write the answer to the corresponding question.
7. When completed, fold the square in half as shown in figure 6. Open the square.
8. Fold the square in half the other way and open as shown in figure 7.
9. Flip over the square and write *north*, *south*, *east*, and *west* on the four large squares.
10. Slide your fingers under the four large squares and let a group member choose a direction. Count the letters in the direction she chose and open and close the Origami Fortune-Teller that many times. Move the Origami Fortune-Teller one quarter turn to the right and ask the group member the question that is written in the chosen direction.
11. After reviewing with your group, exchange Origami Fortune-Tellers with another group to review their chapter or unit information.

\*See diagrams on page 75 for further clarification.
