

Manasaa Kannan  
SAC President

My name is Manasaa Kannan and I am running to be your Student Activities Council President. I have been a part of the SAC executive team for two years and in this time have witnessed incredible growth in this organization. We have striven to program events that reach out to a variety of groups on Centre's Campus. This includes large scale events like Carnival, as well as smaller events like puppies and kittens, Cowan Colors, Bake-Offs, Warehouse events and more. SAC has aimed to create inclusive and alternative events and I strive to maintain this programming pattern. On top of this, I intend to increase the presence of SAC on our campus. While SAC events are programmed for the diverse groups on our campus, many don't know what the events are, when they are occurring, and that SAC is providing them. To combat this, I will work to make SAC events more well known. Most importantly, I want to allow students to participate in SAC programming. I hope that by encouraging the student body to propose new event ideas, SAC can accomplish its goal of serving Centre students to the fullest.
