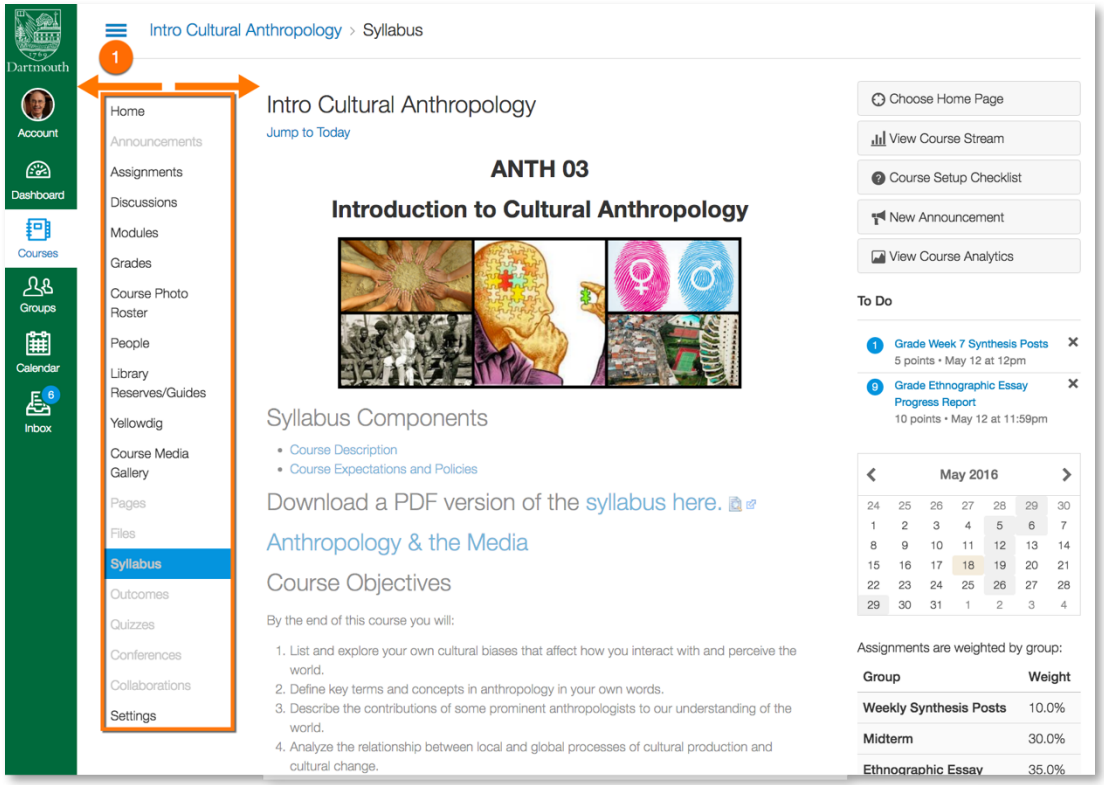
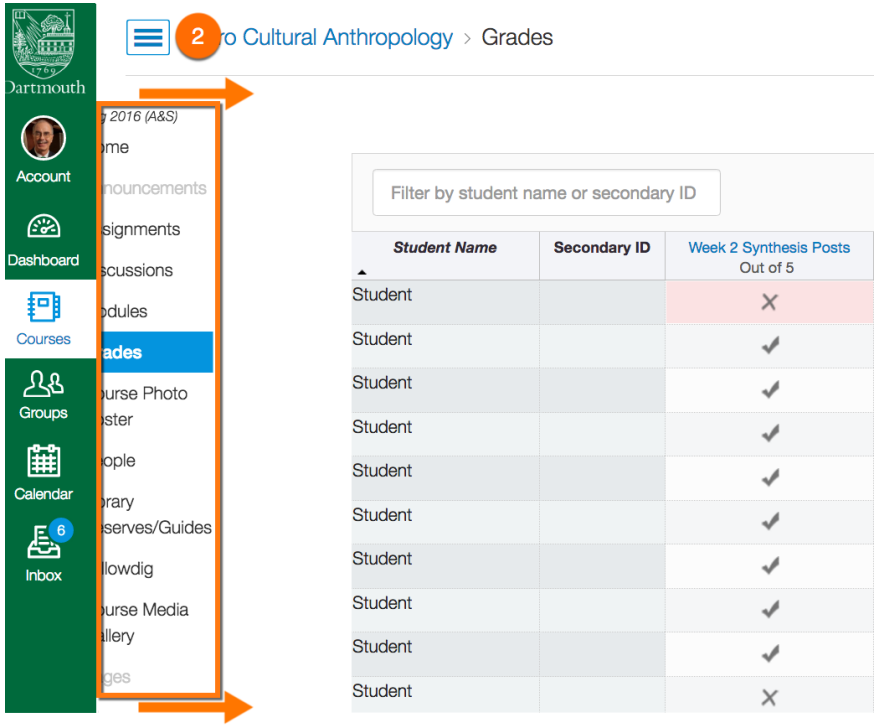
New Canvas User Interface



What you need to know

Interface changes are coming to Canvas! These changes make Canvas easier to use on a wide range of screen sizes. Most of the changes are visual, but they can be a bit surprising.

1. **Hide/Display Course Navigation**
   Click the contextual menu icon ☰ to hide and display the course navigation wherever you are in the course site. This is for your view only.


2. **Display Course Menu in Grades**
   When in Grades, click the contextual menu icon ☰ to display the course menu and move easily to other areas of your course site.
