Options for Attracting Dartmouth Talent

• **Spring or Fall Job & Internship Fair**
  Showcase your organization and opportunities at our two biggest events of the year. Speak directly with hundreds of talented candidates.

• **Employer Visit**
  Engage in smaller and more targeted events on campus like coffee chats or info sessions. Let us handle promotion and all logistics. You can also host an employer discovery trip at your office.

• **On-Campus Interviews**
  Join our recruiting program and enjoy greater yield and visibility, along with the convenience of a structured timeline and process. We will promote your opportunities, schedule your candidates, and host your visit.

• **Resume Drop**
  Can’t make it to campus? You can still participate in our recruiting program, take advantage of the visibility and timeline and interview candidates remotely.

• **Simple Posting**
  Prefer to use your own timeline? Set up a basic job or internship posting in our DartBoard system.

WHY RECRUIT DARTMOUTH TALENT?

"We love the young men and women we meet when we come recruiting at Dartmouth: Whip-smart, pro-active, and confident combined with a good sense of humor and not too proud to roll up their sleeves and get going."

- Robert Bell, Innosight

AS OF JANUARY 2020:

- 4,400+ undergraduate students, of which 43% are students of color and 10% are international students
- Vast majority of students are fluent in at least two languages with well-developed communication skills
- Dartmouth's liberal arts education provides students with strong critical thinking, team building, and real-world problem solving experiences.
- You can hire Dartmouth interns year round. Our schedule challenges students to excel in new classes every 10 weeks, preparing them to thrive in a fast-changing work environment.
- Learn more about our students here.

"Year over year Microsoft hires Dartmouth students from a variety of majors for both internship and full time technical roles, including Software Engineers and Program Managers. They have the opportunity to bring the skills developed through interdisciplinary coursework and activities outside of the classroom to their technical roles at Microsoft."

- Microsoft Recruiter
