

Research-Related PI ONBOARDING PROCEDURE CHECKLIST

Before beginning this checklist you should first have a NetID.

SPONSORED RESEARCH		
Are there awards transferring with you to Northwestern?		
<input type="checkbox"/>	Notify sponsors to begin transfer process.	<p>With incoming faculty, the sponsored research office at both the outgoing institution and here at Northwestern will typically work together to determine which sponsored projects will be transferred, including personnel, lab equipment, data, biological samples, research animals, etc.</p> <p>The transfer (shipping, handling, insurance, etc.) is typically paid by the new institution.</p>
<input type="checkbox"/>	Contact your Northwestern Research Administrator throughout process.	
<input type="checkbox"/>	Complete appropriate relinquishment form depending on award and transferring institution, which will handle this step.	
<input type="checkbox"/>	For NIH Awards: PHS-3734. If an NIH Commons login already exists, contact the OSR-Information Team to swith your affiliation to Northwestern.	
<input type="checkbox"/>	For NSF Awards: National Science Foundation (NSF) requires relinquishment information be submitted online via FastLane.

CONTACT Office for Sponsored Research EVANSTON		osr-evanston@northwestern.edu 847-491-3003
Will material be transferred?		
<input type="checkbox"/>	If you are transferring material, begin the negotiation of a new Material Transfer Agreement (MTA).	<p>When an MTA is received by the PI from an outside party in lieu of materials exchange or transfer, the agreement should be emailed.</p>
<input type="checkbox"/>	Complete a Material Transfer Agreement request for inbound materials through the Electronic Sponsored Projects Request (ESPR) system.	
CONTACT Material Transfer Agreement (MTA) officer		mta@northwestern.edu
Will data be transferred?		
<input type="checkbox"/>	If you are transferring data, you must establish a data use agreement (DUA) between the provider institution and Northwestern.	<p>DUA's are classified into two different categories:</p> <ol style="list-style-type: none"> 1) Non-human subject data or completely de-identified human research participant data (as determined by NU's IRB office) 2) Human research participant data which includes Protected Health Information. This includes data which constitutes a Limited Data Set as defined by HIPAA. <p>Transfers which fall into category 2 are subject to HIPAA regulations and may require IRB approval. Questions about IRB approval, guidelines and policies should be directed to irb@northwestern.edu.</p>
<input type="checkbox"/>	Complete a Data Use Agreement request for inbound data through the Electronic Sponsored Projects Request (ESPR) system.

RESEARCH SAFETY

Is the PI involved in laboratory-based research?

Laboratory-based research involves the use of dedicated facilities for experimentation or measurement supplied with one or more utilities such as ventilation, storage, and plumbing.

<input type="checkbox"/>	Register for Northwestern Integrated Safety Information System (NISIS) Orientation at ors-operations@northwestern.edu . Once you register, you will receive an email notification of your access to the system.	The subject line of your email to register should read “Register for an Orientation Session” and include your name, department, anticipated date of arrival, contact phone number and/or email address in the email message.	
<input type="checkbox"/>	In NSIS, register your lab workers and assign safety training. Register lab locations and work involving hazardous energies, lasers, x-ray, and hazardous materials within 30 days.	Hazardous materials include any biological, chemical, or radiological material that is potentially harmful to individuals, public health, or the environment if not managed properly.

INNOVATIONS AND NEW VENTURES OFFICE (INVO)

<input type="checkbox"/>	If your work requires a proof-of-concept to validate a product concept, contact INVO.	A number of approaches are evolving at Northwestern to help define product opportunities and fund proof-of-concept studies in the physical and life sciences.
<input type="checkbox"/>	If your work might lead to a potentially patentable invention, please fill out an Invention Disclosure Form (available at the INVO website), and submit it to INVO BEFORE publication or another public disclosure (e.g., conference presentation or abstract) occurs.	INVO works closely with faculty to shape invention disclosures and to secure intellectual property.
<input type="checkbox"/>	If you are interested in start-ups to advance innovative concepts, call INVO.	INVO is at the center of a network of resources to introduce faculty and students to the world of start-up companies and to facilitate their participation.
<input type="checkbox"/>	If you have previously filed patents, have been involved in a start-up company, or intend to utilize pre-existing IP in your work, contact INVO.	Please contact INVO to facilitate a conversation between your previous institution and Northwestern.
