Northwestern University Library Research Resources Forum
Welcome and Plenary
September 15, 2021
“The library is not a single static entity, it is becoming a suite of services through which users locate, use, and (re)create research materials.”

INTERLIBRARY LOAN FOR ITEMS UNAVAILABLE AT NORTHWESTERN AND MORE!

Requests and Interlibrary Loan

After completing a search, get the physical materials you need. These webpages cover the process, which depends on your search results:

- **If the item is available** you can request the book to be picked up at the Main Circulation Desk. See [Getting Available Items](https://www.library.northwestern.edu/find-borrow-request/requests-interlibrary-loan/index.html) for instructions.
- **If the item is unavailable**, you can request it through Interlibrary Loan. See [Requesting Unavailable Items](https://www.library.northwestern.edu/find-borrow-request/requests-interlibrary-loan/index.html) for more on this process.

Non-Northwestern affiliates should request items through their local library.

The Libraries also loans materials to other institutions via Interlibrary Loan. Learn about the service at [https://www.library.northwestern.edu/find-borrow-request/requests-interlibrary-loan/index.html](https://www.library.northwestern.edu/find-borrow-request/requests-interlibrary-loan/index.html).

Copyright Statement

U.S. copyright law (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not made for any other purpose than private study, scholarship, or research. The user of this system agrees to abide by the provisions of the Copyright Law and to cease reproduction of materials shown to be protected by copyright if requested to do so by the copyright owner or by legal authority.

**Example: Web of Science**

- View the “Citation Network” for a specific work
- Create a “Citation Alert” to be notified when a work gets cited
- Create a “Search Alert” to be notified when a new work matches a saved search
- “Related Articles” is a great alternative to keyword searching
- “Shared References” helps discover works cited in common between two works

**Web of Science**

The efficacy of an interdisciplinary community aphasia group for living well with aphasia

**Advanced Features**

- View the “Citation Network” for a specific work
- Create a “Citation Alert” to be notified when a work gets cited
- Create a “Search Alert” to be notified when a new work matches a saved search
- “Related Articles” is a great alternative to keyword searching
- “Shared References” helps discover works cited in common between two works
